CORPORATE PROFILE

VALLIANZ HOLDINGS LIMITED

("Vallianz" and together with its subsidiaries, associate and joint venture companies, the "Group") is an established provider of offshore support vessels ("OSVs") and integrated offshore marine solutions to the oil and gas industry.

Headquartered in Singapore, Vallianz serves oil majors and national oil companies worldwide, and focuses on supporting customers' offshore oil and gas exploration and production operations. Today, the Group owns and operates a young fleet of 55 OSVs while its associate owns and operates another 20 OSVs. Vallianz covers markets in the Middle East, Central Asia and Southeast Asia.

Offshore marine services include:

- Vessel ownership
- Chartering
- Brokering
- Vessel management services

We have invested in industry experts to operate and manage our fleet of OSVs which include anchor handling tugs with supply capabilities, platform supply vessels, offshore floating storage and supply vessel, submersible launch barges,

maintenance and accommodation vessel, utility support vessels, flat top cargo barges, accommodation work barge, towing tugs, utility vessel, liftboats and crew boat.

Besides transporting equipment and pipes, materials and supplies to support upstream activities, our vessels are also employed for anchor handling of construction barges, positioning of drilling rigs and to provide assistance in maintaining and safeguarding offshore facilities.

The Group also owns a shipyard in Indonesia (Batam) which serves as a marine base for vessel docking, repair and maintenance works. Our shipyard operations possess strong in-house fabrication and engineering capabilities.

Leveraging on its established market position in the Middle East, the Group's strategy will be to continue strengthening existing customer relationships and seeking opportunities to increase its penetration in the major and emerging offshore oil and gas markets. We will focus on delivering operational and service excellence, and broadening our range of marine assets and solutions to address customers' needs.

Vallianz is listed on the Catalist Board of the Singapore Exchange.

CORE BUSINESS

The Group's core business activities are in vessel ownership, chartering, brokering and the provision of complementary vessel management services in Middle East, Central Asia and Southeast Asia.

VESSEL OWNERSHIP

The Group currently owns and operates a young fleet of 55 offshore support vessels available for charter, which has an average age of approximately 3.7 years. Our associate owns and operates another 20 offshore support vessels. The Group's vessels are deployed in offshore oil and gas projects in the Middle East, Central Asia and Southeast Asia regions. To enhance its market competitiveness, the Group will continue to assess appropriate plans to expand its range of vessels and modernise the fleet.

CHARTERING

The Group charters its offshore support vessels to customers throughout various stages of their offshore oil and gas exploration, development and production projects. They are used in activities that include seismic surveys during the exploration phase, positioning of rigs during the development of the oil and gas fields, towing, mooring and handling of ship anchors and transportation of supplies during the production period and the removal of rig structures at de-commissioning.

The Group's customers typically employ longer term charters of up to 7 years for their dedicated offshore oil field installations.

BROKERING

The Group also provides brokering services that match customers' requirements. This includes sourcing for vessels base, arranging for assist tugs and/or harbour movements, making initial contact with vessel owners or vessel buyers, acting as an intermediary between (a) the vessel owner and the charterer for towage, time and bareboat charters and (b) the seller and buyer of vessels, and assisting with the drafting of related agreements and negotiations. The Group utilises its asset base and network of brokers and owners to identify high quality vessels to match its customers' needs, thus shortening the time required in the vessel acquisition process.

COMPLEMENTARY SERVICES – VESSEL MANAGEMENT

The Group provides a suite of vessel management services for both owned vessels and third party vessels. The Group is able to manage and operate a diverse range of vessels deployed in different phases of offshore oil and gas operations. Its services include crewing, procurement, vessel repair and maintenance, and facilitating port and documentation clearance.

CORPORATE HIGHLIGHTS

Awarded long term charter contracts with total value of up to US\$388 million. Lifted order book to US\$1.03 billion

- Mainly from a national oil company in the Middle East for the supply of two Anchor Handling Tug, Supply and Safety Standby vessels, 13 OSVs and two maintenance and accommodation vessels for up to seven years
- Marked entry into new markets with three-year charters of two OSVs to offshore marine services companies in Egypt and Turkmenistan

Streamlined business operations to focus on core vessel chartering business

Fully redeemed S\$160 million of all outstanding Fixed Rate Notes during 2016

Raised S\$7 million in gross proceeds from a private share placement exercise

Implemented initiatives to restructure balance sheet to conserve cash and strengthen equity base

- Completed a refinancing exercise for operations in the Middle East with the issue of a Saudi Riyal denominated Sukuk of SAR1.0 billion (US\$266.7 million)
- Entered into agreements with certain trade creditors to settle S\$7.6 million of trade payables via the issue of new shares in Vallianz
- Successfully restructured borrowings totaling US\$163.2 million by extending the maturity to December 2022
- Entered into separate set-off and settlement agreements with Swiber and Rawabi to restructure net payables and shareholders' advances of up to US\$138.7 million via the Company's Proposed Rights cum Warrants Issue

GLOBAL OPERATIONS

Vallianz has rapidly expanded its market reach into the Middle East, Central Asia and Southeast Asia. The majority of our vessel charter contracts are from the Middle East market where Vallianz has developed a strong foothold, being one of the largest offshore support vessel suppliers to the Kingdom of Saudi Arabia's national oil company.

With headquarters in Singapore, Vallianz has developed local presence in key geographical markets to provide fast and effective support to clients as well as to better capture business opportunities. The Group (including joint venture and associate company) has offices across Singapore, the Kingdom of Saudi Arabia, Mexico and Indonesia. Going forward, the Group will continue to focus on deepening its market penetration in the existing geographical regions and expanding its global footprint.

FLEET

YOUNG FLEET OF OFFSHORE SUPPORT VESSELS

Starting with five vessels in 2012, Vallianz currently owns and operates a fleet of 55 offshore support vessels. In 2016, the Group commenced operations of its new specialised vessel *Rawabi Integrity*, which is an offshore floating storage and supply vessel, in the Middle East. Our best-in-class fleet is relatively young with an average age of approximately 3.7 years. The Group's associate operates another 20 offshore support vessels.

MESSAGE TO SHAREHOLDERS

DEAR SHAREHOLDERS,

On behalf of the Board of Directors, we are pleased to present Vallianz Holdings Limited's annual report for the 15 months ended 31 March 2017 ("FY2017").

The offshore and marine sector remained under tremendous pressure in FY2017. Following the collapse of oil prices during 2015 when the disruptive shale production stoked fears of a supply glut, many projects were delayed or cancelled as investments in offshore oil exploration and production activities were cut back. This in turn triggered a slump in demand for offshore oilfield support services. Consequently, the offshore support vessel ("OSV") industry is inundated with overcapacity issues and facing downward pressure on vessel utilisation and charter rates as vessel owners and operators contend with fierce market competition.

The silver lining is that Vallianz has successfully established a strong market position in Middle East where demand for vessels has not deteriorated as significantly compared to other regions. Our core vessel chartering business, which is underpinned primarily by long term charter contracts in the Middle East, continued to generate operating profit in FY2017 despite the harsh market environment.

To weather the present industry downturn, the Group has stayed the course by implementing a series of cost rationalisation, business streamlining and restructuring initiatives, while continuing to actively pursue new charter contracts in our target markets. These initiatives are necessary to align our organisation

structure to the current market conditions, and better position the Group to build a sustainable business for the long term.

OPTIMISING COST STRUCTURE AND STREAMLINING OPERATIONS TO SHARPEN FOCUS ON VESSEL CHARTERING BUSINESS

Since late 2015, the Group has been implementing a cohesive strategy to rationalise our overall cost structure and streamline our business operations.

We reviewed our vessel operating costs, labour and administrative expenses, and took effective measures to maximise cost savings in these key areas. In addition, we lowered our finance costs through a refinancing exercise for the Group's Middle East operations, and a full redemption of the Notes payable during FY2017. These actions yielded cost savings in FY2017 and helped to partially blunt the negative impact of slower market demand and intense industry competition, on the Group's revenue and profitability especially in regions other than the Middle East.

The Group also downsized certain non-core business units to concentrate our energies and resources on our vessel chartering business. We have cut back activities at our shipyard in Singapore and consolidated the Group's yard operations at our marine base in Batam, Indonesia which will continue to service our fleet of vessels and provide supporting services for our vessel chartering business. We have also scaled back the provision of crew management and travel

”

management services to the offshore and gas industry at the end of 2016. These rightsizing initiatives will lower the Group's future operational cost structure and sharpen our focus on sustaining and growing our core vessel chartering business.

RESTRUCTURING FINANCIAL LIABILITIES

During FY2017, the Group also took steps to restructure certain borrowings and sums owing to creditors amounting to approximately US\$306.9 million in total. This restructuring exercise is expected to enhance our short- to medium-term liquidity for supporting the working capital requirements of our core business.

MESSAGE TO SHAREHOLDERS

ITS CURRENT
ORDER BOOK AT
US\$1.03 BILLION,
COMPRISING
PRIMARILY LONG
TERM CHARTERS.**
”

In February this year, the Group entered into agreements with certain trade creditors to settle S\$7.6 million of trade payables via the issue of new ordinary shares in Vallianz. In March, the Group also successfully completed a debt restructuring exercise for some of our existing borrowings totaling US\$163.2 million. The lenders have agreed to restructure the repayment term of these borrowings to approximately 8.2 years from an average of approximately 5.8 years previously. As such, the maturity of the borrowings has been extended to December 2022. This will result in a deferment of the repayment of the principal amount of borrowings owing from the Group, which relieves the Group's cash flow by US\$103.5 million over the next two years.

In May 2017, the Group entered into separate set-off and settlement agreements (“SOSAs”) with Swiber Holdings Limited (Judicial Managers Appointed) (“Swiber”) and Rawabi Holding Company Limited (“Rawabi”) to restructure net payables and shareholders' advances of up to US\$138.7 million.

Pursuant to the SOSA, the net payables to Swiber of US\$36.6 million will be converted into shares in Vallianz's capital through the renounceable non-underwritten rights cum warrants issue proposed by Vallianz on 6 September 2016 (“Proposed Rights cum Warrants Issue”), upon fulfilment of certain conditions precedent. Any balance net payables to Swiber following its subscription of any rights shares with warrants and any exercise of the warrants thereon will be settled via further new equity in the future. The signing of the SOSA with Swiber represents a critical step that enables both parties to arrive at a resolution and move forward.

The Group's strategic shareholder and partner, Rawabi, has also agreed to convert its shareholder's advances to the Company of US\$102.1 million into equity from its subscription to the Proposed Rights cum Warrants Issue. Rawabi will also undertake to subscribe for the excess rights in the Proposed Rights cum Warrants Issue. Any balance of the shareholder's advances following the subscription of the rights shares and exercise of the warrants thereon will be settled via further new equity in the foreseeable future. Subject to the fulfilment of certain conditions precedent at the completion of the Proposed Rights cum Warrants Issue and the exercise of the warrants, the proposed conversion of the shareholder's advances could result in Rawabi becoming the largest single shareholder of Vallianz.

The Group also completed a share placement exercise in February 2017 to raise gross proceeds of S\$7.0 million.

BUSINESS OPERATIONS REMAINED PROFITABLE IN FY2017

Notwithstanding the tough market environment, the Group recorded an operating profit before tax and exceptional expenses of US\$19.7 million and revenue of US\$247.8 million in FY2017.

This profitable performance is underpinned by the Group's operating model and strategy to build our business in the Middle East primarily on long-term vessel charter contracts with national oil companies. Over the years, we have strengthened our capabilities, customer relationships and order book to establish a sound and stable base for our Middle East operations. Our consistent efforts have enabled the Group to maintain a superior market standing in Middle East and expand our scale and depth of operations in this region. Based on a market study, the Group is currently one of the largest OSV players in the Arabian Gulf. The Group's ongoing long-term charter contracts in the Middle East have also partly mitigated the challenges faced in other regions where vessel utilisation and charter rates are under greater pressure amid sluggish demand conditions.

Due to the business slowdown in the offshore oil and gas industry, the Group recorded net impairment expenses totaling US\$214.6 million for certain of its assets in FY2017. This amount included impairment expenses of US\$22.3 million attributable to non-controlling interests. These exceptional expenses caused Vallianz to slip into the red in FY2017 with a net loss attributable to owners of the Company of US\$158.2 million. These impairments are necessary as it protects the future of the Group and ensures the longer term prospects.

STEADY ORDER BOOK OF US\$1.03 BILLION; SECURED NEW CONTRACTS WORTH UP TO US\$388 MILLION

On a positive note, Vallianz's ability to secure new contracts has enabled the Group to sustain its current order book at US\$1.03 billion, compared to US\$950 million in February 2016. This order backlog comprises primarily long term charters which include 2-year extension options stretching up to 2025.

The majority of our charter contracts are with a national oil company in the Middle East ("NOC"). Since the start of 2016 until May 2017, the Group continued to clinch new contracts with the NOC to supply a total of 17 OSVs to support the NOC's offshore oil production activities.

In May 2016, the Group was awarded a charter contract valued at up to US\$63 million for the supply of two

MESSAGE TO SHAREHOLDERS

Anchor Handling Tug, Supply and Safety Standby ("AHTSS") vessels to the NOC for a period of up to seven years. Close on the heels of this AHTSS contract, the Group secured a sizeable award worth up to US\$210 million to provide 13 OSVs to the NOC for up to seven years.

Recently in May 2017, the Group announced contract wins valued at up to US\$115 million for long term charters of four vessels. These contracts were awarded by the NOC, as well as two offshore marine services companies based in Egypt and Turkmenistan respectively.

It is noteworthy that Vallianz has started to make headway in our strategy to penetrate new target markets. Our first contract with an Egyptian company for a three-year charter of one OSV marked the expansion of our footprint in the Middle East region. The Group is also entering a new market in Central Asia following the award of our maiden contract from a company based in Turkmenistan to charter one OSV for three years.

Under the latest contracts with the NOC, the Group will be supplying two new maintenance and accommodation OSVs for five years, with the customer having an option to extend the charter for another two years. The maintenance and accommodation vessel is a new vessel type which will broaden the spectrum of our service offerings to our existing customer. Even though the Group has a superior market position, we continue to differentiate ourselves from our competitors. With our specialised offshore floating storage and supply vessel, the Group has successfully evolved

our relationship with the NOC by expanding our marine solutions to address the customer's unique requirements beyond the standard vessels.

While the present market circumstances are indeed less favourable, we are keeping our sights firmly focused on the Group's future. Today, the Group has established a leading market position as one of the largest providers of OSVs in the Middle East region. With a sharpened focus on our vessel chartering business, the Group will be building on its strengths to solidify customer relationships, expand business opportunities with existing customers and increase penetration in other potential markets, especially in the Middle East where we have the advantage of leveraging our strong foothold to capitalise on sustained oil production activities.

With the backing of our strategic shareholder and business partner Rawabi, the Group will continue to enhance its operational capabilities and service quality as execution excellence ranks as one of the top priorities for the Group to stay ahead of the competition. We will also

continually assess and expand our fleet as appropriate to suit customers' requirements. At the same time, the Group will focus on extracting further cost efficiencies as well as adopt a cautious and prudent approach in the execution of our business plans.

A NOTE OF APPRECIATION

On behalf of the Board, we would like to express our sincere appreciation to our shareholders, customers, vendors, business partners, bankers, and associates for continuing to support Vallianz especially during such challenging times in the offshore industry. We also wish to thank our fellow Directors for their valuable contributions and guidance. We wish to extend our gratitude to our management and staff; where we are today is a result of your commitment, hard work and dedication.

MR DARREN YEO
Non-Executive Vice Chairman

MR LING YONG WAH

FINANCIAL REVIEW

CONSOLIDATED STATEMENT OF PROFIT OR LOSS

For the 15 months ended 31 March 2017 ("FY2017"), the Group registered revenue of approximately US\$247.83 million. This represented an increase of 6.6% or US\$15.27 million when compared to Group revenue of US\$232.55 million for the 12 months ended 31 December 2015 ("FY2015").

For the three months ended 31 March 2017, the Group registered lower revenue of US\$38.69 million as compared to US\$49.30 million for three months ended 31 March 2016. This was mainly due to the completion of various one-time vessel management projects in the second half of 2016, and lower utilization experienced by certain of its existing fleet of vessels amid the challenging market conditions.

US\$
247.83 MIL
— FY17 —
GROSS
REVENUE

The vessel chartering and brokerage business contributed approximately 83.7% to the Group's revenue in FY2017 due primarily to stable income generated from long-term charter contracts in the Middle East. This contribution was higher compared to 63.9% for FY2015, which is in line with the Group's strategy to focus on its core vessel chartering and brokerage business. Correspondingly, the vessel management services business accounted for a lower 15.0% of Group revenue in FY2017.

Gross profit for FY2017 declined 3.8% to US\$62.46 million from US\$64.95 million in FY2015. This was due mainly to the renewal of certain existing contracts at a lower average charter rate, which was partially cushioned by the Group's proactive management of operating costs.

The Group recorded other income of US\$2.97 million in FY2017 which comprised largely of debt forgiveness by certain third parties and reversal of share based expenses previously recognized as a result of forfeiture of share options. In FY2015, other income of US\$9.92 million consisted mainly of change in fair value of contingent consideration of US\$4.15 million, gain from disposal of property, plant and equipment of US\$1.75 million, gain from sale of previously held for sale asset of US\$0.40 million and fair value gain on derivative financial instrument of US\$0.30 million.

Administrative expenses, which comprise largely of staff and travel related expenses, decreased by US\$3.90 million to US\$19.24

“

CHARTERING
AND BROKERAGE
BUSINESS
CONTRIBUTED
APPROXIMATELY
83.7% TO THE
GROUP'S REVENUE
IN FY2017**

”

million in FY2017 from US\$23.14 million in FY2015. The Group also saw a reduction in finance costs to US\$23.09 million for FY2017 from US\$26.86 million in FY2015, attributable to the completion of a refinancing exercise of the Group's operations in Middle East in February 2016 and full redemption of Notes payable during FY2017.

The Group recorded share of losses from an associate and joint venture company of US\$3.39 million for FY2017, which is attributed to its 49%-owned associate, PT Vallianz Offshore Maritim in Indonesia and its joint venture in the Middle East.

In light of the current slowdown in the offshore and marine market and the rightsizing initiatives that it had undertaken, the Group completed an in-depth evaluation of the carrying value of certain of

“

**THE GROUP
RECORDED AN
OPERATING PROFIT
BEFORE TAX AND
EXCEPTIONAL
EXPENSES OF US\$19.71
MILLION IN FY2017.**

”

its assets that comprise goodwill, fixed assets and investments as at 31 March 2017 which resulted in the recognition of impairment expenses totaling US\$214.55 million (including impairment expenses of US\$22.3 million attributable to non-controlling interests) (“**Exceptional Expenses**”) for the financial period in review.

As a result of these Exceptional Expenses, the Group recorded a net loss attributable to owners of the Company of US\$158.25 million in FY2017. Excluding Exceptional Expenses and income tax, the Group recorded an operating profit of US\$19.71 million in FY2017.

STATEMENT OF FINANCIAL POSITION

As at 31 March 2017, the Group’s trade and other receivables decreased by US\$89.35 million to US\$216.81 million as compared to US\$306.16 million as at 31 December 2015. The improvement is largely due to the Group’s concerted efforts in the collection

US\$
16.80MIL

ACTIVITIES**

of outstanding receivables during the current financial period.

The Group had preferential shares in Resolute Offshore Pte Ltd valued at US\$31.73 million recognised as a current asset as at 31 March 2017. During FY2017, Resolute Offshore Pte Ltd redeemed 130,000 preference shares for a total value of US\$13.0 million. Together with the recognition of an impairment expense of US\$45.47 million that includes US\$22.3 million attributable to non-controlling interests, the Group recorded a decrease of US\$58.47 million in the carrying value of the available-for-sale investment when compared to US\$90.20 million as at 31 December 2015.

Property, plant and equipment increased by US\$211.22 million to US\$372.23 million as at 31 March 2017 from US\$161.01 million as at 31 December 2015. The net increase is

mainly due to the acquisition of new vessels including the submersible launch barges.

The increase in value of the joint ventures is the result of equity contribution from the Group to its joint venture in the Middle East of approximately US\$16.37 million in FY2017 and the share of results from this joint venture for FY2017. This increase was partially offset by an impairment expense of US\$5.88 million recognised on the carrying amount of investment in another joint venture in Malaysia following the completion of the Group's assessment of the recoverability of certain assets as at 31 March 2017.

The Group shared losses of approximately US\$2.90 million from its 49%-owned associate in Indonesia. Following the completion of the Group's assessment of the recoverability of its investment in the associate, an impairment expense of US\$13.39 million was recorded in relation to this investment.

Goodwill and intangible assets were fully impaired during FY2017 following the completion of the Group's assessment of the impact from rightsizing initiatives that were undertaken during the current financial period.

The Group's total current and non-current borrowings include term loans, working lines, notes payable and finance lease. As at 31 March 2017, total current and non-current borrowings declined to US\$340.82 million from US\$379.68 million as at 31 December 2015. The decrease was due to the Group's full redemption of its notes payables which was partially

offset by additional borrowings for the acquisition of vessels. During FY2017, the Group also successfully completed its restructuring of certain of its borrowings as announced on 10 March 2017. Accordingly, certain of its borrowings were reclassified to non-current as at 31 March 2017.

Trade and other payables increased by approximately US\$85.63 million to US\$199.41 million as at 31 March 2017 from US\$113.78 million as at 31 December 2015. The increase is attributable to the acquisition of a business, as announced on 1 April 2016.

The shareholder's advance of US\$102.09 million mainly relates to the deemed investment by Rawabi Holding Company Limited ("RHC") into the Company. This follows from an intended undertaking by RHC to convert its shareholder's advances to the Company into equity from its subscription to the Proposed Rights cum Warrants Issue and further new equity in the foreseeable future, subject to fulfilment of certain conditions.

CONSOLIDATED STATEMENT OF CASH FLOWS

The Group generated net cash from operating activities of US\$16.80 million in FY2017. This represents an improvement of US\$17.37 million from the net cash used in operating activities of US\$0.57 million in FY2015.

Net cash from investing activities amounted to US\$16.36 million for FY2017. This arose mainly from the sale of vessels which generated US\$16.76 million of cash inflow in the current period and the redemption of preference shares of US\$13.00 million. In FY2015, the net cash from investing activities of US\$194.34 million was largely generated from the sale of vessels.

Net cash used in financing activities in FY2017 amounted to US\$29.49 million. This was mainly due to the repayment of loans on a fleet of vessels and redemption of notes payable which was partially cushioned by proceeds from new bank loans and shareholder's advances.

BOARD OF DIRECTORS

4

5

1

MR DARREN YEO

Non-Executive Vice Chairman

Mr Darren Yeo was appointed to the Vallianz Board in December 2012 and is the Non-Executive Vice Chairman. As Vice Chairman, Mr Yeo plays a key role in charting Vallianz's long term strategy. Mr Yeo brings with him over 20 years of industry experience under his belt. He graduated from the National University of Singapore with a Bachelor of Engineering degree and holds a diploma in Marketing from the Singapore Institute of Management.

2

MR LING YONG WAH

Executive Director and CEO

Mr Ling Yong Wah was appointed to the Vallianz Board in March 2014 and is the CEO of the Company. As CEO, Mr Ling leads in driving the corporate and strategic directions of Vallianz. He has nearly 30 years of business and management experience and has held various roles including board seats in companies listed on the Singapore Exchange and the Hong Kong Stock Exchange. Mr Ling is a member of the Institute of Chartered Accountants of England and Wales.

3

MR YEO JEU NAM

Non-Executive Independent Director

Mr Yeo Jeu Nam has more than 30 years of consultancy experience and was appointed as Independent Non-Executive Director of the Company on 21 August 2008. Mr Yeo also sits on the board of Frencken Group Limited as an Independent Director. Before founding Radiance Consulting Pte. Ltd., which Mr Yeo is currently the Managing Director, Mr Yeo headed the Strategy and Transformation practice as well as the HR Consulting practice at Ernst & Young Consultants Pte. Ltd. for more than 12 years, as its Senior Consulting Partner. He was also previously a Director at PwC Consulting where he headed their Public Sector Consulting practice. He graduated from the National University of Singapore with a Bachelor of Arts and a Bachelor of Social Sciences and is also an alumnus of INSEAD.

4

MR BOTE DE VRIES

Non-Executive Independent Director

Mr Bote de Vries was appointed to the Board of Directors on

6 September 2010 and brings to Vallianz more than 20 years of international asset finance experience in the shipping transport industry. Apart from Mr de Vries' appointment on Vallianz's Board, he is also an Independent Advisor to Finamar B.V., a financial consultancy firm, and he holds several Non-Executive board positions in North Atlantic Drilling Ltd, Lloydsfonds AG and Artilian Plc. Mr de Vries is a frequent speaker at conferences on asset finance related issues such as Marine Money, Mareforum, Lloyd List, and Euro Money. Mr de Vries graduated from the University of Leiden with a Bachelor of Biology degree and a Masters in Law.

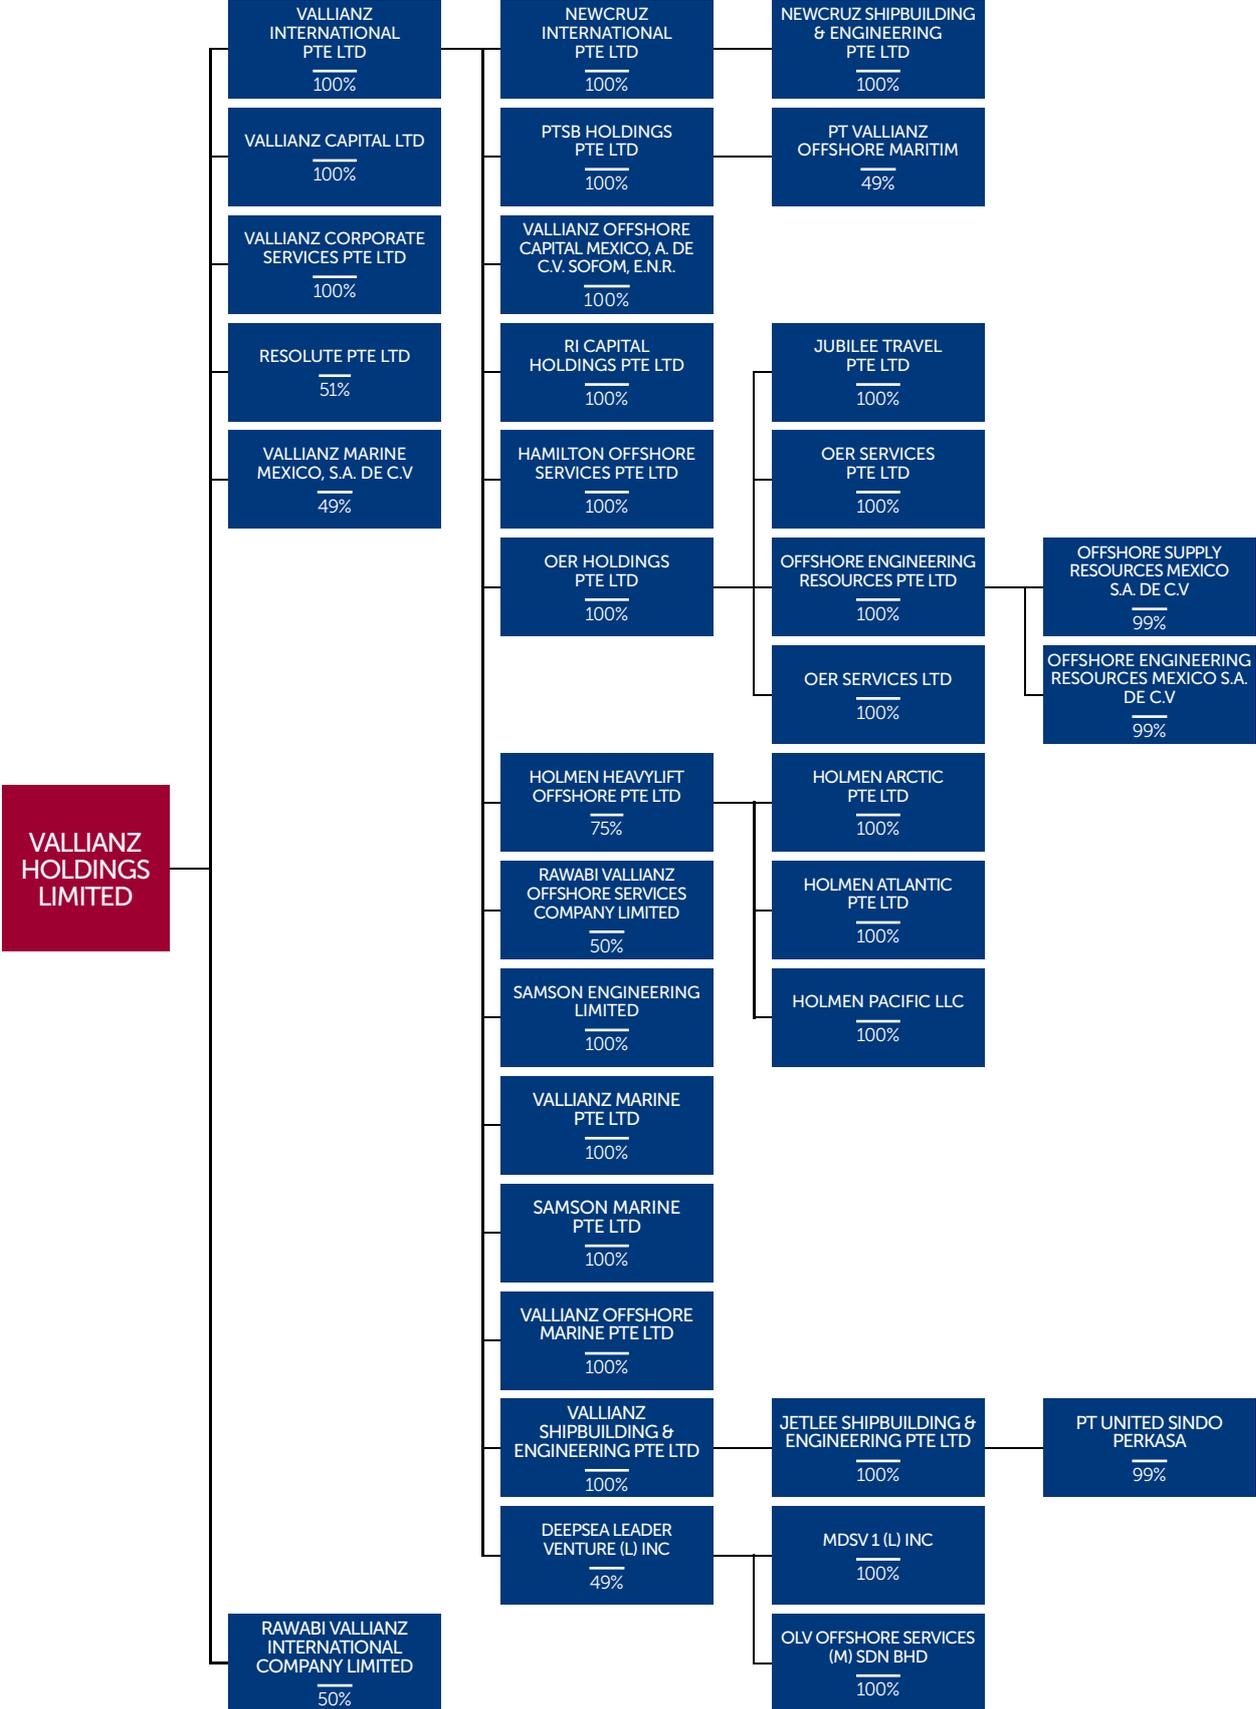

5

MR WONG LEONG JEAM

Non-Executive Independent Director

Mr Wong Leong Jeam was appointed to the Board of Vallianz in January 2015. Mr Wong was previously a diplomat in Thailand, Indonesia and Myanmar from 1990 to 2003, and prior to that, held senior positions in the Singapore Armed Forces and the Ministry of Defence. Mr Wong is an active volunteer with the Singapore Red Cross in disaster management, liaison and photography.

Corporate Governance Statement

The Board of Directors (the “**Board**”) is committed to maintain a high standard of corporate governance within the Group and adopts principles and practices of corporate governance in line with the recommendations of the Code of Corporate Governance 2012 (the “**Code**”). The Company recognizes the importance of good governance for continued growth and investor confidence.

In line with the commitment by the Company to maintain high standards of corporate governance, the Company will continually review its corporate governance processes to strive to fully comply with the Code and the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) (the “**Catalist Rules**”).

The Board is pleased to report compliance of the Company with the Code and the Catalist Rules, where applicable, except where there are deviations from the Code, appropriate explanations are provided.

Principle 1: The Board’s Conduct of Affairs

Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and the Management remains accountable to the Board.

The Board’s primary role is to protect and enhance long-term shareholder value. Apart from its statutory duties and responsibilities, the Board sets strategic direction for the Group and oversees the executive management and affairs of the Group. It reviews and advises on overall strategies, policies and objectives, sets goals, supervises Management, monitors business performance and goals achievement, and assumes responsibility for overall corporate governance of the Group to ensure that the Group’s strategies are in the best interests of the Company and its shareholders.

The Board has adopted a set of internal guidelines on matters requiring its approval. Matters which are specifically reserved for the Board’s decision include those involving corporate policies, plans and budgets, material acquisitions and disposals of assets, corporate strategy, financial restructuring, share issuances, dividend and other returns to shareholders, major financial decisions such as investment and divestment proposals, expenditure beyond a prescribed amount as well as interested person transactions.

The Board is also responsible for the following corporate matters:

- (a) approval of quarterly and year end results announcements;
- (b) approval of the annual report and financial statements;
- (c) convening of shareholders’ meetings;
- (d) major investments and funding;
- (e) interested person transactions;
- (f) material acquisitions and disposal of assets;
- (g) corporate strategic direction, strategies and action plans;
- (h) issuance of policies and key business initiatives; and
- (i) to consider sustainability issues such as environmental and social factors as part of its strategic formulation.

Corporate Governance Statement

The Board meets on a regular basis and as and when necessary to address any specific significant matters that may arise. While the Board considers directors' attendance at Board meetings to be important, it should not be the main criteria to measure their contributions. The Board also takes into account the contributions by board members in other forms including periodical reviews, provisions of guidance and advice on various matters relating to the Group.

In recognition of the high standard of accountability to our shareholders and to facilitate effective management and assist the Board in discharging its responsibilities, the Board has established various board committees, namely, the Audit Committee ("**AC**"), Nominating Committee ("**NC**") and Remuneration Committee ("**RC**") (collectively, the "**Board Committees**").

These Board Committees have the authority to review and examine particular issues and to report to the Board their recommendations. The ultimate responsibility for the final decision on all matters, however, lies with the entire Board, which will take into consideration the overall interest of the Company. Each Board Committee function within clearly defined terms of references and operating procedures, which will be reviewed on a regular basis by the Board. The effectiveness of each Board Committee will also be constantly reviewed by the Board.

The Group's interested person transactions and the internal audit procedures are reviewed by the Audit Committee and reported to the Board.

During the financial period, the number of meetings held and the attendance of each member of the Board and Board Committees' meetings are as follows:

	Board	AC	NC	RC
Number of meetings held	5	5	2	2
Directors / Members	Number of meetings attended			
Yeo Chee Neng	5	5	2	2
Ling Yong Wah	5	5	2	2
Yeo Jau Nam	5	5	2	2
Bote de Vries	5	5	2	2
Wong Leong Jeam	5	5	2	2
Raymond Kim Goh ^(*)	2	2	1	1

^(*) Raymond Kim Goh resigned as a Non-Executive Director, Chairman of the Board of Directors and member of Audit Committee, Remuneration Committee and Nominating Committee with effect from 27 July 2016.

Upon the appointment of a new director, the Company will provide a formal letter to director, setting out his duties and obligations. Appropriate orientation programmes and briefings are conducted for all new directors appointed to the Board to familiarize them with Company's business, board processes, internal controls and governance practices. The Company will also arrange for first-time directors to attend relevant training in relation to the roles and responsibilities for a director of a listed company and in areas such as accounting, legal and industry-specific knowledge as appropriate. The training of the directors will be arranged and funded by the Company.

Corporate Governance Statement

There was no new director appointed during the financial period.

The Directors of the Company are provided with briefings from time to time and are kept updated on relevant laws and regulations, including directors' duties and responsibilities, corporate governance and developing trends, insider trading and financial reporting standards so as to enable them to properly discharge their duties as Board or Board Committee members. The directors also received updates on the business of the Group through regular scheduled meetings and ad hoc Board meetings.

During the financial period, the external auditors have briefed the AC members on developments in accounting and governance standards and AC members have provided such updates to the Board members. In addition, the Chief Executive Officer ("CEO") constantly updates Board members on business and strategic developments of the Group and overview of industry trends at regular scheduled meetings and ad hoc Board meetings. Directors can request for further explanations, briefings or information on any aspects of the Group's business issues from the Management.

Principle 2: Board Composition and Guidance

There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

As at the date of this Report, the Board comprises one (1) Non-Executive Director, one (1) Executive Director and three (3) Independent Non-Executive Directors. The Independent Non-Executive Directors make up to at least half of the Board.

Name of Directors	Board of Directors	Audit Committee	Nominating Committee	Remuneration Committee
Yeo Chee Neng	Non-Executive Director (Vice-Chairman)	–	–	–
Ling Yong Wah	Executive Director	–	–	–
Yeo Jeu Nam	Independent Non-Executive Director	Member	Chairman	Chairman
Bote de Vries	Independent Non-Executive Director	Chairman	Member	Member
Wong Leong Jeam	Independent Non-Executive Director	Member	Member	Member

With the Independent Non-Executive Directors making up more than half of the Board, it provides an independent element on the Board capable of exercising objective judgment and no individual or group is able to dominate the Board's decision making process. The NC has reviewed the size and composition of the Board and Board Committees and is of the view that the current Board composition provides diversity and has the appropriate mix of expertise and experience. Notwithstanding that, the NC may consider appointing new director(s) to enhance the core competencies and governance review of the Board. Additionally, during the financial period, the Group also undertook a review of the roles and responsibilities of the Board, AC, NC and RC. Accordingly, a re-composition of the AC and NC was effected in August 2016.

The Board collectively possesses the necessary core competencies such as accounting, finance, business, investment, industry knowledge and strategic planning experience. Each director has been appointed based on the strength of his calibre, experience and stature and is expected to bring a valuable range of experience and expertise to contribute to the development of the Group's strategies and the performance of its business. The Board considers that the present Board size has the appropriate mix of expertise and experience for facilitating effective decision-making and is appropriate for the nature and scope of the Group's operations.

Corporate Governance Statement

The Code sets out guidelines that the independence of any director who has served on the Board beyond nine (9) years from the date of his first appointment should be subject to rigorous review. The NC is charged with the responsibility of monitoring and determining if a director remains independent in accordance with the guidelines and salient factors under the Code. As at the date of this Annual Report, none of the Independent Non-Executive Directors has served on the Board for nine (9) years or beyond from the date of his first appointment.

All Directors other than the managing director (or any Director holding an equivalent appointment) are subject to retirement and re-election at least once every three (3) years. The independence of each Independent Non-Executive Director is reviewed annually by the NC in accordance with the Code. The NC adopts the Code's definition of what constitutes an Independent Director in its review.

The criteria for independence are determined based on the definition provided in the Code and also the following criteria:

- (a) The Board will assess the independence of directors regularly. For the avoidance of doubt, only Independent Non-Executive Directors (that is, a director who is not a member of management) can be considered independent.
- (b) The Board will endeavour to consider all of the circumstances relevant to a director in determining whether the director is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the Company.
- (c) Amongst the circumstances considered by the Board will be a range of factors, including that a director:
 - (i) is not being employed by the Company or any of its related companies for the current or any of the past three (3) financial years;
 - (ii) is not an immediate family member (being a spouse, child, adopted child, brother, sister and parent) who is, or has been in any of the past three (3) financial years, employed by the Company or of its related companies and whose remuneration is determined by the RC;
 - (iii) is not an immediate family member who has accepted any significant compensation from the Company or any of its related companies for the provision of services for the current or immediate past financial year, other than compensation for board service;
 - (iv) is not an immediate family member who is or was a substantial shareholder of or a partner in (with 10% or more stake), or an executive officer of, any for-profit business organisation to which the Company had made, or from the Company had received, significant payments in the current or immediate past financial year;
 - (v) is not an immediate family member who is a substantial shareholder of the Company; and
 - (vi) is not or has not been directly associated with a substantial shareholder of the Company in the current or immediate past financial year.
- (d) Each director is responsible to notify the Chairman and the Company Secretary about any external positions, appointments or arrangements that could result in the director not being "independent".

Corporate Governance Statement

To date, none of the Independent Non-Executive Directors of the Company has been appointed as a director of the Company's principal subsidiaries. The Board and the Management are of the view that the current Board structures in the principal subsidiaries are already well organised and constituted.

The Board and the Management will from time to time review the structures of the respective boards of its principal subsidiaries and will make an appropriate corporate decision to consider the appointment of the Independent Non-Executive Directors into the principal subsidiaries, if deemed appropriate.

The Independent Non-Executive Directors will meet on a need-to basis without the presence of the Management to discuss the matters in relation to the corporate development of the Group to ensure effective and independent review of the Management.

The profile of each of the directors is set out on page 17 of this Annual Report.

Principle 3: Chairman and Chief Executive Officer

There should be a clear division of responsibilities between the leadership of the Board and the executives responsibility of managing the company's business. No one individual should represent a considerable concentration of power.

The Vice-Chairman and CEO are separate persons. Mr. Yeo Chee Neng ("**Mr. Darren Yeo**") continues to serve as Non-Executive Vice-Chairman of the Group and Mr. Ling Yong Wah ("**Mr. Ling**") assumes executive responsibilities for the Group's performances and business. The separation of the roles of Mr. Darren Yeo and Mr. Ling is to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making. Mr. Darren Yeo and Mr. Ling are not related.

Subsequent to the resignation of Mr. Raymond Kim Goh ("**Mr. Goh**") as Chairman of the Group, Mr. Darren Yeo assumed the role in mapping out the directions for Group's growth at a strategic level. He exercises control over the quality and timeliness of information flow between the Board and the Management. In addition, he provides close oversight, guidance, advice and leadership to the CEO and Management. At the annual general meeting ("**AGM**") and other shareholder meetings, both Mr. Darren Yeo and Mr. Ling play a pivotal role in fostering constructive dialogue between shareholders, the Board and Management as well as between Board members, and promote high standards of corporate governance.

Also as a Vice-Chairman, Mr. Darren Yeo plays a key role in charting the Company's long term strategy and shares his industry experience, advice and leadership with the CEO and Management.

As the Company's CEO, Mr. Ling will lead Management in setting strategies, objectives and missions and is responsible for the day-to-day operations of the Group. The role of Mr. Ling also includes scheduling and controlling the quality, quantity and timeliness of information supplied to the Board.

Mr. Ling's performance and remuneration will be reviewed annually by the NC and the RC, whose members also comprise majority of Independent Non-Executive Directors of the Company. As such, the strong independent element on the Board ensures decisions are not based on a considerable concentration of power in a single individual. With the existence of various Board Committees with power and authority to perform key functions, the Board believes that there are adequate safeguards in place against an uneven concentration of power and authority in a single individual.

The Independent Non-Executive Directors will be available to the shareholders where their concerns cannot be resolved through the normal channels to the Vice-Chairman or CEO, or where such contact is not possible or inappropriate.

(*) Mr. Goh was the Chairman of the Board until 27 July 2016 when he resigned as a director of the Company. To date, the Company has not appointed a new Chairman in place of Mr. Goh as the Board is of the opinion that with the leadership of the Vice-Chairman and the current nature and size of the Group's operations, the Company is able to function effectively and efficiently. The Company will update the shareholders on a timely basis upon the appointments of a new Chairman.

Corporate Governance Statement

Principle 4: Board Membership

There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

The Board reviews the composition of the Board and Board Committees annually, having regard to the performance and contribution of each individual director.

To ensure that the governance and business needs of the Group are adequately addressed, the Company has established a NC to regularly review the capabilities of the directors collectively by taking into account their skills, experience, gender, and company and industry knowledge.

The NC comprises Mr. Yeo Jeu Nam ("**Mr. Yeo**"), Mr. Bote de Vries ("**Mr. de Vries**") and Mr. Wong Leong Jeam ("**Mr. Wong**"). The three (3) members of the NC are Independent Non-Executive Directors. Mr. Yeo is the Chairman of the NC.

The NC is governed by written terms of reference under which it is responsible for:

- (a) making recommendations to the Board on all Board appointments, including making recommendations on the composition of the Board, taking into account the balance between Executive and Non-Executive Directors and between Independent and Non-Independent Directors;
- (b) re-nominating directors (including Independent Non-Executive Directors) taking into consideration each director's contribution and performance;
- (c) determining annually whether or not a director is independent;
- (d) deciding whether or not a director is able to and has been adequately carrying out his duties as a director;
- (e) proposing a set of objective performance criteria to the Board for approval and implementation, to evaluate the effectiveness of the Board as a whole and the contribution of each director to the effectiveness of the Board;
- (f) reviewing board succession plans for directors, in particular, CEO and key management of the Group; and
- (g) reviewing training and professional development programmes for the Board.

New directors are appointed by way of a Board Resolution or at Board of Directors' Meetings, after the NC has approved their nomination. In its search and selection process for new directors, other than through formal search, the NC taps on the resources of directors' personal contacts and recommendations of potential candidates and appraises the nominees to ensure that the candidates possess relevant experience and have the calibre to contribute to the Group and its businesses, having regard to the attributes of the existing Board and the requirements of the Group.

Annual Review of Director's Independence in 2017

It is mandatory for the NC to determine annually whether a director is independent based on the guidelines of the Code's definition of what constitutes an Independent Director. Each Independent Director is responsible for notifying the NC Chairman and the Company Secretary on any external positions, appointments or arrangements which may affect his independence status.

The NC had reviewed the independence of each of the Independent Directors in accordance with the Code and based on each of the Director's declaration of independence. The NC is of the view that the three (3) Independent Non-Executive Directors are independent. None of the Independent Non-Executive Directors have any relationship including immediate family relationship with the other Directors, the Company and its 10% shareholders.

Corporate Governance Statement

Directors' Time Commitments & Multiple Board Representations

The NC is aware that some of the Directors do hold multiple directorships as each of them are required to disclose their other directorships to the Board, upon appointment and cessation. Therefore, the NC will from time to time, evaluate their performance to ensure that each Director is able to carry out his duties effectively, taking into consideration the other board representation and principal commitments.

The primary consideration in deciding on the capacity of directors including but not limited to the time and attention that a Director may contribute for meetings, site visits and other training requirements, taking into account the Director's profession and involvement in consulting or committee work, his other board representation in non-profit organisations, if any. Other consideration also includes the ability and integrity of Directors to avoid potential conflict of interests while serving multiple board representations.

The NC had reviewed, taking into account the individual performance assessment and their actual conduct on the Board and concluded that each Director had adequately carried out their duties as a Director of the Company and spent sufficient time and attention on the Company's affairs despite having multiple board representations and principal commitments.

The NC believes that putting a maximum limit on the number of directorships a director can hold is arbitrary, given that time requirement for each directorship varies and thus should not be prescriptive. The NC considers that the multiple board representations held presently by some Directors do not impede their performance in carrying out their duties to the Company and in fact, enhances the performance of the Board as it broadens the experience and knowledge of the Board.

Recommendation of Nomination and Re-nomination of Directors

The NC is responsible for reviewing and recommending all nominations and re-nominations of Directors. All directors other than the managing director (or any Director holding an equivalent appointment) are subject to retirement in accordance with the provisions of the Company's Articles of Association whereby one third of the directors are required to retire (or if their number is not a multiple of three (3), the number nearest to but not greater than one third) and subject themselves for re-election by shareholders at every AGM. A new director who is appointed by the Board is subject to re-election by shareholders at the next AGM following his appointment and, thereafter, shall be taken into account in determining the number of directors who are to retire by rotation at the AGM.

Apart from the requirements by the Company's Articles of Association, the NC also review the re-election of directors taking into consideration the Directors' attendance and participation at the Board meetings, personal attributes, contributions towards issues from time to time.

At the forthcoming AGM, the NC had nominated and recommended that Mr. Wong will be retiring pursuant to Article 105 of the Company's Articles of Association. Mr. Wong, being eligible for re-election, has expressed his intention of retirement as a director of the Company at the forthcoming AGM. The Board has accepted Mr. Wong's retirement as an Independent Non-Executive Director of the Company at the forthcoming AGM. Upon his retirement, Mr. Wong will cease as a member of the AC, NC and RC of the Company.

Each member of the NC abstains from voting on any resolutions and making any recommendation and/or participating in respect of matters in which he has an interest.

The Board does not encourage the appointment of alternate director. No alternate director is appointed to the Board.

Corporate Governance Statement

Succession Planning for the Board and Senior Management

Succession planning is an important part of the governance process. The NC will review the succession planning of the Board and senior management and seek to refresh Board membership as and when it may be necessary.

All directors are required to declare their board representations, as at the date of this Report. The date of appointment and last re-election of each director to the Board together with their directorships and chairmanships in other listed companies, both current and those held over in the preceding three years are as follows:

Mr. Yeo Chee Neng – Non-Independent Non-Executive Director

Date of appointment	1 December 2012
Date of last re-election	15 April 2016
Board Committee(s) served on	None
Present Directorships in other listed companies	None
Past Directorship in other listed companies held over the preceding three years	Executive Director of Swiber Holdings Limited

Mr. Ling Yong Wah – Executive Director and Chief Executive Officer

Date of appointment	17 March 2014
Date of last re-election	28 April 2014
Board Committee(s) served on	None
Present Directorships in other listed companies	Lead Independent Director of Frencken Group Limited
Past Directorship in other listed companies held over the preceding three years	None

Mr. Yeo Jeu Nam – Independent Non-Executive Director

Date of appointment	21 August 2008
Date of last re-election	15 April 2015
Board Committee(s) served on	Audit, Nominating and Remuneration Committees
Present Directorships in other listed companies	Independent Director of Frencken Group Limited
Past Directorship in other listed companies held over the preceding three years	Lead Independent Director of Swiber Holdings Limited

Mr. Bote de Vries – Independent Non-Executive Director

Date of appointment	6 September 2010
Date of last re-election	15 April 2016
Board Committee(s) served on	Audit, Nominating and Remuneration Committees
Present Directorships in other listed companies	None
Past Directorship in other listed companies held over the preceding three years	None

Mr. Wong Leong Jeam – Independent Non-Executive Director

Date of appointment	13 January 2015
Date of last re-election	15 April 2015
Board Committee(s) served on	Audit, Nominating and Remuneration Committees
Present Directorships in other listed companies	None
Past Directorship in other listed companies held over the preceding three years	None

Corporate Governance Statement

Principle 5: Board Performance

There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.

The Group implemented the Board-approved evaluation process and performance criteria to assess the performance of the Board as a whole.

At the date of this Annual Report, the NC has adopted a formal process to assess the effectiveness of the Board and Board Committees as a whole. The qualitative measures include the effectiveness of the Board in its monitoring role and the attainment of the strategic objectives set by the Board. The evaluation exercise is carried out annually by way of a Board Assessment Checklist, which is circulated to the Board members for completion and thereafter for the NC to review and determine the actions required to improve the corporate governance of the Company and effectiveness of the Board as a whole.

A review of the Board's performance is undertaken collectively by the Board annually and informally on a continuous basis by the NC with input from the other Board members. Renewals or replacement of Board members, when it occurs, do not necessarily reflect their contributions to date, but may be driven by the need to position and shape the Board in line with the medium term needs of the Company and its business.

The performance of the directors is evaluated using agreed criteria, aligned as far as possible with appropriate corporate objectives. The criteria include short and long term measures and cover financial and non-financial performance indicators such as the strength of his experience and stature, and his contribution to the proper guidance of the Company.

The NC is satisfied that the current size and composition of the Board provides it with adequate ability to meet the existing scope of needs and the nature of operations of the Company. The NC will review the appropriateness of the current Board size from time to time, taking into consideration the changes in the nature and scope of operations as well as the regulatory environment.

The NC is satisfied that each Director has contributed effectively and demonstrated commitment to their respective role (including commitment of time for the Board and Board Committee meetings, and any other duties). The Board as a whole has also met the performance evaluation criteria and objectives during the financial period.

Principle 6: Access to Information

In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

The Board and the Board Committees are furnished with management reports containing complete, adequate and timely information, and papers containing relevant background or explanatory information required to support the decision-making process. Management team would also provide additional information that the Board requires on the matters for discussion. The Management and the senior executives are invited by the Board to attend the Board and Board Committee meetings to present their proposals or to answer any questions that the Board members may have.

All directors have separate and independent access to senior management and the Company Secretary. The Company Secretary and/or her representative administers and prepares minutes of Board and Board Committees meetings and assists the Chairman in ensuring that Board procedures are followed and that applicable statutory and regulatory rules and regulations are complied with.

The appointment and removal of the Company Secretary are subject to the Board's approval as a whole.

Corporate Governance Statement

The directors, in furtherance of their duties, may obtain independent advice from external professionals and consultants at the expense of the Company when necessary. This enhances the Board's ability to discharge its function and duties.

To assist the members of the Board, the Company has arranged for the Board to be updated by the Company Secretary and its other consultants on the continuing obligations and various requirements expected of a public company.

Where decisions to be taken require expert opinion or specialized knowledge, the Directors may seek independent professional advice as and when necessary in furtherance of their duties at the Company's expenses. The appointment of such independent professional advisers is subject to approval of the Board.

Principle 7: Procedures for Developing Remuneration Policies

There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises Mr. Yeo, Mr. de Vries and Mr. Wong. The three (3) members of the RC are Independent Non-Executive Directors. Mr. Yeo is the Chairman of the RC.

The RC is responsible for:

- (a) recommending to the Board a framework of remuneration for the Non-Executive and Executive Director, CEO and key executives;
- (b) determining specific remuneration packages for each Executive Director;
- (c) reviewing all aspects of remuneration, including directors' fees, salaries, allowances, bonuses, the options to be issued under the share option scheme, the awards to be granted under the share plan and other benefit in-kind;
- (d) overseeing the administration of the Employee Share Option Scheme and Performance Share Plan of the Company;
- (e) reviewing and recommending to the Board the terms of renewal of service contracts including the suitable compensation commitments in the event of early termination;
- (f) retaining such professional consultancy firm as the RC may deem necessary to enable it to discharge its duties satisfactorily; and
- (g) considering the various disclosure requirements for directors' remuneration particularly those required by regulatory bodies such as SGX-ST and ensuring that there is adequate disclosure in the financial statements to ensure and enhance transparency between the Company and the relevant interested parties.

No director or member of the RC shall be involved in deciding his own remuneration, except for providing information and documents specifically requested by the RC to assist it in its deliberations. The RC may obtain expert professional advice on remuneration matters, if required.

The RC reviews the specific remuneration package for the Executive Director or senior management for recommendation to the Board. There are appropriate and meaningful measures in place for the purpose of assessing the performance of Executive Director and senior management staff.

In determining remuneration packages of Executive Director and senior management, the RC will ensure that the Executive Director and senior management are adequately but not excessively rewarded. In consultation with the Board, the RC will consider amongst other things, their responsibilities, skills, expertise and contribution to the Company's performance and whether the remuneration packages are competitive and sufficient to ensure that the Company is able to attract and retain the best available executive talent.

Corporate Governance Statement

The RC will also review the Company's obligations arising in the event of termination of the Executive Director's and executive officers' contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses. If necessary, the RC will seek professional advice internally and/or externally pertaining to remuneration matters of Director and key management personnel. No remuneration consultants were engaged by the Company in the financial period.

Each member of the RC does not participate in any decision concerning his directors' fees.

In reviewing and recommending the remuneration of Non-Executive Directors, the RC will consider, in consultation with the Board, the level of contribution, taking into account factors such as effort and time spent, and responsibilities of the Non-Executive Directors. The RC will ensure that the Non-Executive Directors are not over compensated to the extent that their independence may be compromised.

Principle 8: Level and Mix of Remuneration

The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

The Company sets remuneration packages to ensure that it is competitive and sufficient to attract, retain and motivate directors and key management personnel of the required experience and expertise to run the Company successfully.

In addition to the above, the Company ensures that performance-related remuneration system was implemented to ensure that the interests of the shareholders are aligned with the Board and Management and to promote the long-term success of the Company.

The Company had taken appropriate and meaningful measures in assessing the Executive Director and key management personnel performance.

Long-term incentive schemes are generally encouraged for the Executive Director and key management personnel. The RC had reviewed the Executive Director and key management personnel who are eligible for benefits under the long-term incentive schemes. The long-term incentives schemes of the Company include Vallianz Employee Share Option Scheme and Vallianz Performance Share Plan.

During the financial period, the performance conditions and criteria used to determine the Executive Director and key management personnel entitlement under the short-term and long-term incentive scheme have been met.

The Company had entered into an employment contract with Mr. Ling and Mr. Darren Yeo whereby the employment contract will be terminated by either party, giving not less than three (3) months' notice to the other. The employment contract covers the terms of employment and specifically his salary and bonuses.

The Independent Non-Executive Directors do not have any service agreements with the Company except for the directors' fees, which have to be approved by the shareholders at annual general meetings. The Non-Executive Directors including the Independent Non-Executive Directors receive directors' fees, in accordance with their level of contributions, taking into account factors such as responsibilities, effort and time spent serving on the Board and Board Committees. The directors' fees are recommended by the Board for approval at the AGM.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from Executive Director and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company for the reason that the Executive Director owe a fiduciary duty to the Company and the Company should be able to avail itself to remedies against the Executive Director in the event of such breach of fiduciary duties.

Corporate Governance Statement

Principle 9: Disclosure on Remuneration

Each company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

To maintain confidentiality of remuneration matter and for competitive reason, the Company has disclosed each director's and CEO's remuneration in bands of S\$250,000.

The following table shows a breakdown of the annual remuneration (in percentage terms) of directors for the financial period under review:

Remuneration Band and Name of Directors	Performance Incentives ^{(2)/}		Directors' Fees	Others Benefits	Total
	Salary ⁽¹⁾	Bonus ⁽³⁾			
	%	%	%	%	%
S\$750,000 to S\$1,000,000					
Ling Yong Wah	54	41	4	1	100
Darren Yeo	31	61	7	1	100
S\$250,000 and below					
Yeo Jeu Nam	–	33	67	–	100
Bote de Vries	–	22	78	–	100
Wong Leong Jeam	–	–	100	–	100

(*) Raymond Kim Goh resigned as a Non-Executive Director, Chairman of the Board of Directors and member of Audit Committee, Remuneration Committee and Nominating Committee with effect from 27 July 2016 and received 100% of his remuneration during his term of office in the form of director's fees.

Notes

⁽¹⁾ Salary is inclusive of allowances, CPF and other emoluments.

⁽²⁾ Performance incentives refer to long term cash incentive plan and long term performance driven award.

⁽³⁾ Bonus is short term cash incentive plan and is a sum of money given in addition to the usual compensation, normally for outstanding performance and service for certain period.

To maintain confidentiality of staff remuneration matters and for competitive reason, the names of the key executives of the Group, the aggregate total remuneration paid and the upper limit of the remuneration band of top eight (8) key management personnel are not disclosed in this Annual Report. The following shows the annual remuneration of the 8 key executives of the Group (who are not directors or the CEO) for the financial period under review:

Key Management Personnel

Remuneration Band	No. of Executives	Base/ Fixed	Variables or	Share-Based	Total
		Salary	Bonuses		
		%	%	%	%
S\$250,001 to S\$500,000	2	84	–	16	100
S\$250,000 and below	6	95	1	4	100

The Company has no employee who is an immediate family member of a Director or CEO and whose remuneration exceeded S\$50,000 during the financial period ended 31 March 2017.

Corporate Governance Statement

Share Option Scheme and Performance Share Plan

The Company has a share option scheme (the “**Scheme**”) and a performance share plan (the “**Plan**”) in place. The Scheme and the Plan are currently administered by the RC in accordance with the rules of the Scheme and the Plan respectively.

Information on the Scheme and the Plan are disclosed in the Directors’ Statement on pages 41 to 46.

Principle 10: Accountability

The Board should present a balanced and understandable assessment of the company’s performance, position and prospects.

In line with continuous disclosure obligations of the Company and in accordance to Catalist Rules and the Companies Act, the Board adopts a policy whereby shareholders shall be informed of all major developments of the Company. Financial information and other price sensitive information are circulated in a timely manner to the shareholders through announcements via SGXNET, news release, the Company’s website, media and analysts’ briefings. The Company’s corporate information as well as annual reports is also available on the Company’s website.

All the financial information presented in the results announcements or Annual Report have been prepared in accordance with the Singapore Financial Reporting Standards and approved by the Board before being released to the SGX-ST and the public through SGXNET.

In line with the Catalist Rules, negative assurance statements were issued by the Board to accompany its quarterly financial results announcement, confirming to the best of its knowledge that, nothing had come to their attention which would render the Company’s half year results to be false or misleading. The Company is not required to issue negative assurance statements for its full year results announcement.

Management provides the Board with the information on the Group’s performance, position and prospects on quarterly basis to ensure that they effectively discharge their duties. This is supplemented by updates on matters affecting the financial performance and business of the Group, if such event occurs.

The Board ensures that all the relevant regulatory compliances and updates will be highlighted from time to time to ensure adequate compliances with the regulatory and relevant government authorities.

Principle 11: Risk Management and Internal Controls

The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders’ interests and the company’s assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The Board annually reviews the adequacy and effectiveness of the Company’s risk management and internal control systems, including financial, operational, compliance and information technology controls.

The Company does not have a Risk Management Committee. The senior management assumes the responsibility of the risk management function. The senior management regularly assesses and reviews the Group’s business and operational environment to identify areas of significant business and financial risks, such as credit risks, foreign exchange risks, liquidity risks and interest rate risks, as well as appropriate measures to control and mitigate these risks.

In addition, the external auditors will highlight and report to the AC at the AC meetings, of any material internal control weaknesses which have come to their attention in the course of their statutory audit. All audit findings and recommendations made by the external auditors are reported to the AC. The senior management will follow up on these recommendations to ensure that Management has implemented them on a timely and appropriate manner and reports to the AC on quarterly basis.

Corporate Governance Statement

Financial, operational, compliance and information technology checklists were also prepared by the Management, CEO, and respective heads of divisions, to assist the AC and Board to review the adequacy of the risk management and internal control systems, which include all the operational matters, regulatory compliances and guidance and financial risk. The checklists have been reviewed and confirmed by the Board.

With the presence of the Management who meets regularly, the Board is able to receive the feedback and response on the risk and legal issues which will affect the Company in terms of operational risk, on timely basis. Assurance from the CEO and Financial Controller were also obtained to confirm that the financial records of the Company were properly maintained, the financial statements of the Company give a true and fair view of the Company's operations and finances and the Company's risk management and internal control systems are effective.

Based on the internal controls established by and maintained by the Company, and the reviews performed by the Management, AC and the Board, the Board, with the concurrence with the AC, is of the opinion that the risk management and internal controls that the Group has put in place to address financial, operational, compliance and information technology risks, are adequate as at 31 March 2017.

Moreover, the Company is consistently improving the Group's internal controls, and adopts recommendations which are highlighted by the internal and external auditors and Sponsor, if any, to safeguard the shareholders' investments and the Group's assets and to comply with the requirements under the Catalist Rules.

The Group has appointed Baker Tilly TFW LLP as internal auditors and their role includes the following:

1. assess and evaluate the adequacy of applicable operational internal controls;
2. assess and evaluate the efficiency of business process;
3. evaluate compliance with applicable policies and procedures, as well as regulatory requirements;
4. identify possible opportunities for process and internal control improvement; and
5. compile a report on findings and recommendations to highlight controls deficiencies and compliance gaps.

With the assistance of internal auditors, the Group trusts that its internal control system will be consistently improving and will adopt recommendations which are highlighted by the internal and external auditors and Sponsor, if any, to safeguard the shareholders' investments and the Group's assets and to comply with the requirements under the Catalist Rules.

Principle 12: Audit Committee

The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.

The AC comprises Mr. de Vries, Mr. Yeo and Mr. Wong. The three (3) members of the AC are Independent Non-Executive Directors. Mr. de Vries is the Chairman of the AC.

The AC is responsible for:

- (a) reviewing the audit plans of the Company's external auditors;
- (b) reviewing the reports of the Company's external auditors;
- (c) reviewing the co-operation given by the Company's officers to the external auditors;
- (d) reviewing the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company before their submission to the Board;

Corporate Governance Statement

- (e) reviewing and recommending the quarterly and annual announcements as well as the related press releases on the results and financial position of the Company;
- (f) nominating the Company's external auditors for re-appointment;
- (g) approving the Company's internal audit plans and reviewing internal audit report;
- (h) reviewing interested person transaction (if any);
- (i) reviewing and considering transactions in which there may be potential conflicts of interests between the Company and its interested persons and recommending whether those who are in a position of conflict should abstain from participating in any discussion or deliberations of the Board or voting on resolutions of the Board or the shareholders in relation to such transactions;
- (j) reviewing and approving procedures to hedge the exposure to foreign currency fluctuations (if any);
- (k) reviewing the findings of internal investigations into matters where there is any suspected fraud or irregularity or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Group's results of operation and/or financial position (if any);
- (l) reviewing the Group's risk management structure and any oversight of the risk management processes and activities to mitigate and manage risk at acceptable levels determined by the Board; and
- (m) reviewing the Group's key financial risk areas, with a view to provide an independent oversight on the Group's financial reporting. Where findings are material, announcements will be made immediately via SGXNET.

The AC has the explicit authority to conduct or authorise investigations into any matters within its terms of reference and has full access to and co-operation by the Management. The AC has full discretion to invite any other directors or Executive Director to attend its meetings and to ensure that adequate resources are available to enable the AC to discharge its function properly. As at the date of this Annual Report, the AC has met with the external auditors separately without the presence of Management to review any area of audit concern. Ad-hoc AC meetings may be carried out from time to time, as circumstances require.

The Company has implemented a whistle blowing policy which will provide well-defined and accessible channels in the Group through which employees may raise concerns about improper conduct within the Group. The AC will review arrangements by which staff of the Company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The AC's objectives are to ensure that arrangements are in place for the independent investigation of such matters and for appropriate follow-up action.

In April 2016, the Group conducted a request for proposal exercise for the provision of external audit services. With the satisfactory results from the evaluation of relevant competence, the AC recommended the re-appointment of Deloitte & Touche LLP at the forthcoming AGM. The aggregate amount of fees paid to the external auditors of the Company for the audit services amounted to S\$205,000 provided by the external auditors of the Company for the financial period ended 31 March 2017. There is no non-audit service provided by the external auditors for the financial period. As such, in the AC's opinion, the external auditors remain independent.

The Group has appointed different auditors for its Singapore and overseas subsidiaries during the financial period under review.

The Board and the AC have reviewed that the appointment of different auditors for its subsidiaries and were satisfied that the appointment of different auditors would not compromise the standard and effectiveness of the audit of the Group. The Company is in compliance with Rules 712, 715 and 716 of the Catalist Rules in relation to its independent auditors.

Corporate Governance Statement

In order to ensure that the AC is able to fulfill its responsibilities, Management provides the Board members with management reports. In addition, all relevant information on material events and transactions are circulated to AC as and when they arise. Whenever necessary, senior management staff will be invited to attend the Board/AC meetings to answer queries and provide detailed insights into their areas of operations. The AC are kept informed by Management on the status of on-going activities between Board meetings. Where a decision has to be made before a Board meeting, a directors' resolution is done in accordance with the Articles of Association of the Company and the AC is provided with all necessary information to enable it to make informed decisions.

The AC has full access to and co-operation by the Management and has been given resources to enable the AC to discharge its functions properly. The external auditors have unrestricted access to the AC.

The AC has been provided with the phone numbers and email particulars of the Company's senior management and Company Secretary to facilitate access.

As at the date of this Annual Report, none of the former partners or directors of the Company's existing auditing firm has been appointed as a member of the AC.

Principle 13: Internal Audit

The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

The Board supports the need of an internal audit function where its primary objective is to maintain a sound system of internal controls and processes to safeguard shareholders' investment and the Group's assets.

The internal audit team is expected to meet the standards set by nationally or internationally recognized professional bodies including the Standards for the Professional Practice of Internal Auditing of the Institute of Internal Auditors.

The Company has appointed Baker Tilly TFW LLP as internal auditors on 23 December 2013. On an annual basis, the Company's internal auditors will prepare an audit plan, so as to review the adequacy and effectiveness of the system of internal controls of the Group. These include operational, financial and compliance controls. The internal auditors will follow up these recommendations to ensure that Management has implemented them on a timely and appropriate manner and reports to the AC periodically.

The internal auditors' primary line of reporting is to the Chairman of the AC. Procedures are in place for internal auditors to report independently their findings and recommendations to the AC. The AC will review the internal audit plan to ensure that the scope of the internal auditor's plan is adequate and covers the reviewing of the significant internal controls of the Group, including financial, operational, compliance and information technology controls, and risk management systems. Audits were carried out on all significant business functions of the Group and all internal audit findings and reports are submitted to the AC for deliberation with copies of these reports extended to the Vice-Chairman of the Board, CEO and the relevant key management executives. The internal auditor's summary of findings and recommendations are discussed at the AC meetings on a yearly basis.

The AC is satisfied that the internal audit is adequately resourced and has appropriate standing within the Group. The AC will also meet with the internal auditors at least once a year without the presence of the Management.

The AC approves the hiring, removal, evaluation and compensation of the internal auditors.

Corporate Governance Statement

Principle 14: Shareholder Rights

Companies should treat all shareholders fairly and equitably, and should recognize, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

All shareholders are treated fairly and equitably to facilitate the exercise of their ownership rights. Written policies and procedures are implemented to ensure that there is adequate disclosure of developments in the Group in accordance with the Catalist Rules.

Any notice of a general meeting of shareholders is issued at least 14 days before the scheduled date of such meeting in accordance to the nature of the business to be transacted at the meeting. Shareholders at such meetings are invited to put forth any questions they may have on the motions to be discussed and decided upon or on any other reasonable subject related to the business of the Group. The Company's Articles of Association also allow any shareholder to appoint not more than two (2) proxies during his absence, to attend and vote on his behalf at the general meetings.

In addition, pursuant to Section 181(1C) of the Companies Act, a shareholder who is a custodial institution or relevant intermediary entitled to attend the general meetings and vote is entitled to appoint more than two proxies to attend and vote in his/her stead, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such shareholder. Where such shareholder appoints more than two (2) proxies, the number and class of shares to be represented by each proxy must be stated.

Principle 15: Communication with Shareholders

Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

The Board is mindful of its obligations to provide its shareholders with timely disclosure of material information presented in a fair and objective manner.

The Company does not practice selective disclosure. In line with the continuing obligations of the Company pursuant to the Catalist Rules, the Board's policy is that all shareholders would be equally informed of all major developments and/or transactions impacting the Group.

Quarterly results of the Company will be published through the SGXNET and the Company's website. All information on the Company's new initiatives will be first disseminated via SGXNET followed by a news release, which will also be available on the website. Price sensitive information is first publicly released, either before the Company meets with any group of investors or analysts or simultaneously with such meetings. Results and annual reports are announced or issued within the period prescribed by the SGX-ST and are available on the Company's website.

As at the date of this report, the Company does not have a formal dividend policy in place. However, the Company, in determining the form, frequency and amount of future dividends on the Company's shares in any particular year, will take into account, among other things, the level of cash and retained earnings, the result of operations, the capital expenditure requirements, the expansion and/or investment plans and other factors that the Company's Directors may deem appropriate.

In considering dividend payments for the future financial years, the Directors will take into account the current desire to maintain and potentially increase dividend level subject to the objective of maximizing shareholder value over the longer term and the factors stated in the paragraph above.

The Company has an investor relations team and supported by external consultant firm in promoting communication with shareholders and analysts. Contact information of the external investor relations teams are made available on the Company's website.

Corporate Governance Statement

Principle 16: Conduct of Shareholder Meetings

Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The AGM of the Company is a principal forum for dialogue and interaction with all shareholders. All shareholders will receive the annual report of the Company and notice of AGM. At the AGM, shareholders will be given opportunity to voice their views and to direct questions regarding the Group to the Directors. The Chairman of the AC, NC and RC would be present at the AGMs to answer any question relating to the work of these Board Committees. The external auditors are also present at each AGM to address shareholders' queries on the conduct of the audit and the preparation and content of the auditor's report. Appropriate key management executives are also present at general meetings to respond, if necessary, to operational questions from shareholders.

Shareholders are given the right to vote on the resolutions at general meetings. Each distinct issue will be carried in a separate resolution. Each item of special business included in the notice of the general meeting will be accompanied, where appropriate, by an explanation of the effects of the proposed resolution.

In line with the new Rule 730A(2) introduced by the SGX-ST on 31 July 2013 (which came into effect from August 2015), to promote greater transparency in general meetings and support listed companies in enhancing their shareholders engagement, the resolutions of the Company transacted at the general meetings since year 2015 are carried out and voted by poll where shareholders are accorded rights proportionate to the shareholding and all votes are counted in accordance with the provisions of the Company's Articles of Association. The information on the total number of votes cast for and against on the proposed resolution are incorporated into the announcement released to the SGX-ST after the general meeting.

As the authentication of shareholder identity information and other related security issues still remain a concern, the Company will not implement voting in absentia by mail, email or fax. Minutes of the general meetings which include substantial and relevant comments and queries from shareholders relating to the agenda of the general meetings together with the responses from the Board and Management are prepared and confirmed as true record of the proceedings of the general meetings. The minutes of the general meetings are made available to the shareholders upon request.

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions are carried out on an arm's length basis.

In compliance with Rule 907 of the SGX-ST Catalist Rules, there were no transactions with interested persons for the financial period ended 31 March 2017 which exceeds the stipulated threshold except as disclosed below:

Name of interested person	Aggregate value of all interested person transactions during the financial period under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all interested person transactions conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000)
Chartering services provided by the Group		
Swiber and its subsidiaries	Nil	US\$28,447,087
Ship management services provided by the Group		
Swiber and its subsidiaries	Nil	US\$19,333,492
Shipyard, engineering, fabrication services and facilities services provided by the Group		
Swiber and its subsidiaries	Nil	US\$4,773,957
Corporate services provided to the Group		
Rawabi Holding Company Ltd	Nil	US\$674,396

Corporate Governance Statement

MATERIAL CONTRACTS

Save for the employment contracts entered into between the Directors and the Company, there was no material contract between the Company and its subsidiaries involving the interests of any director or controlling shareholders which are either still subsisting at the end of the financial period ended 31 March 2017 or, if not then subsisting, entered into since the end of previous financial year.

USE OF PROCEEDS

Subscription of 350,000,000 new ordinary shares in the capital of the Company at S\$0.02 each subscription share.

On 16 January 2017, Greatwill Asset Global Limited subscribed to 350,000,000 new ordinary shares in the Company at S\$0.02 each subscription share for an aggregate principal amount of S\$7,000,000 ("the Subscription"). The net proceeds from the subscription was approximately S\$6,800,000. As announced by the Company on 25 April 2017, the net proceeds raised from the Subscription were utilized for the following purposes:

Intended Use	Amount Collected	Amount Utilized	Balance Amount
Strengthening of strategic alliance and/or joint ventures	S\$3,400,000	S\$3,200,000	–
Working capital (comprises mainly trade payables and general and administrative expenses)	S\$3,400,000	S\$3,600,000	–
Total net proceeds	S\$6,800,000	S\$6,800,000	–

DEALINGS IN SECURITIES

The Company has adopted an internal code on dealings in securities. Directors, Senior Management and employees (collectively "Officers") of the Group who have access to price-sensitive, financial or confidential information are not permitted to deal in the Company's shares during the periods commencing two (2) weeks before announcement of the Group's quarterly results and one (1) month before the announcement of the Group's yearly results and ending on the date of announcement of such result, or when they are in possession of unpublished price-sensitive information on the Group. In addition, the Officers of the Group are advised not to deal in the Company's securities for a short term considerations and are expected to observe the insider trading laws at all times even when dealing in securities within the permitted trading periods. Officers are to consult with the Financial Controller/ Company Secretary before trading in Company's securities and are to confirm annually that they have complied with and are not in breach of the Code. The Board is kept informed when a Director trades in the Company's securities.

NON-SPONSORSHIP FEES

Pursuant to Rule 1204(21) of the Catalist Rules, the Company wishes to disclose that the non-sponsorship fee of S\$68,000 was paid/payable to the Company's sponsor, Provenance Capital Pte. Ltd. for advisory fees in connection with the Proposed Rights cum Warrants Issue, during the financial period ended 31 March 2017.

Directors' Statement

The directors present their statement together with the audited consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the financial period ended 31 March 2017. On 6 September 2016, the Company changed its financial year end from 31 December to 31 March. Accordingly, the current financial period covers a period of 15 months from 1 January 2016 to 31 March 2017.

In the opinion of the directors, the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company as set out on pages 54 to 137 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2017, and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the financial period from 1 January 2016 to 31 March 2017 and at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts when they fall due.

The directors of the Company in office at the date of this statement are:

Yeo Chee Neng
Ling Yong Wah
Yeo Jeu Nam
Bote de Vries
Wong Leong Jeam

2 ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE BENEFITS BY MEANS OF THE ACQUISITION OF SHARES AND DEBENTURES

Neither at the end of the financial period/year nor at any time during the financial period/year did there subsist any arrangement whose object is to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures in the Company or any other body corporate, except for the options mentioned in paragraphs 3 and 5 of the Directors' statement.

3 DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

The directors of the Company holding office at the end of the financial period/year had no interests in the share capital and debentures of the Company and related corporations as recorded in the register of directors' shareholdings kept by the Company under Section 164 of the Singapore Companies Act except as follows:

Name of directors and company in which interests are held	Shareholdings registered in name of director	
	At beginning of period	At end of period
The Company (Ordinary shares)		
Yeo Chee Neng	21,000,000	33,000,000
Ling Yong Wah	1,000,000	10,000,000
Yeo Jeu Nam	2,300,000	3,300,000
Bote de Vries	100,000	600,000

Directors' Statement

3 DIRECTORS' INTERESTS IN SHARES AND DEBENTURES (CONT'D)

Name of directors and company in which interests are held	Shareholdings registered in name of director	
	At beginning of period	At end of period
<u>The Company</u> (Share options)		
Yeo Jeu Nam	3,000,000	3,000,000
Bote de Vries	1,000,000	1,000,000
<u>The Company</u> (Share awards)		
Yeo Chee Neng	11,000,000	12,000,000
Ling Yong Wah	9,000,000	10,000,000
Yeo Jeu Nam	1,000,000	1,000,000
Bote de Vries	500,000	1,000,000
Wong Leong Jeam	–	1,000,000

The director's interests in the shares and options of the Company as at 21 April 2017 are the same as those as at 31 March 2017.

4 SHARE OPTIONS

The Vallianz Employee Share Option Scheme ("ESOS")

The Company implemented the ESOS in the financial year ended 31 March 2009 in accordance with the scheme approved by the shareholders on 11 April 2001. The purpose of the ESOS is to provide eligible participants with an opportunity to participate in the equity of the Company and to motivate them towards better performance through increased dedication and loyalty. The ESOS shall continue for a maximum period of 10 years commencing from the first date of grant but accelerated in the event of mergers, take-overs or reverse take-over (i.e. the options fully vest and become exercisable). The ESOS may continue beyond 10 years with the approval of the shareholders by ordinary resolution in a general meeting.

The ESOS is administered by the Remuneration Committee whose members are:

- (i) Yeo Jeu Nam (Chairman)
- (ii) Bote de Vries
- (iii) Wong Leong Jeam

Directors' Statement

4 SHARE OPTIONS (CONT'D)

(a) Terms of ESOS

- (i) A one year vesting period is required commencing from the first date of grant if offer price is not at a discount; a two years vesting period is required commencing from the first date of grant if offer price is at a discount.
- (ii) The subscription price is based on the price equal to the average of the last dealt prices of an ordinary share in the capital of the Company for the three (3) consecutive trading days immediately preceding the date of grant of the option, rounded up to the nearest whole cent in the event of fractional prices.
- (iii) The options may be exercised in whole or in part at any time by a participant after the first anniversary from the date of grant. Such option shall be exercised before the tenth anniversary of the date of grant, or such earlier date as may be determined by the Committee.
- (iv) The unvested options shall lapse upon the employee ceasing to be employed by the Company or its subsidiary corporations.

(b) Unissued shares under option and options exercised

The number of options granted to the directors of the Company under the ESOS is as follows:

Options participants	Options granted during the financial period	Aggregate options granted since commencement of plan to the end of the financial period	Aggregate options exercised since commencement of plan to the end of the financial period	Aggregate options outstanding as at end of the financial period
Yeo Jeu Nam	–	3,250,000	(250,000)	3,000,000
Bote de Vries	–	1,000,000	–	1,000,000
Total	–	4,250,000	(250,000)	4,000,000

Particulars of the options granted in years 2011, 2013 and 2014 under the scheme were set out in Directors' statement for the financial years ended 31 December 2011, 31 December 2013 and 31 December 2014 respectively.

The directors did not participate in any deliberation or decision in respect of the options granted to them.

Since the commencement of the employee share option plan till the end of the reporting period:

- (i) No options have been granted to the controlling shareholders of the Company and their associates.
- (ii) No participant to whom the option has been granted has any right to participate by virtue of the option in any share issue of any other company.
- (iii) No options have been granted at a discount.
- (iv) No options amounting to 5% or more of the total number of options available under the scheme has been granted to any participant.

There are no other unissued shares of the Company or its subsidiary corporations under option at the end of the year except as disclosed above.

Directors' Statement

5 VALLIANZ PERFORMANCE SHARE PLAN ("PSP")

In 2010, the Company implemented the PSP in accordance with the performance share scheme approved by the shareholders on 23 August 2010. PSP has been implemented in order to:

- (i) foster an ownership culture within the Group which aligns the interests of the participants with the interests of shareholders;
- (ii) motivate the participants to achieve key financial and operational goals of the Group and/or their respective business units;
- (iii) make total employee remuneration sufficiently competitive to recruit and retain staff having skills that commensurate with the Group's ambition to become a world class company; and
- (iv) to instil loyalty and a stronger sense of identification by the participants with the long term prosperity of the Group.

An executive or non-executive director of any member of the Group or a full-time employee of any member of the Group ("Eligible Person") who is selected by the Remuneration Committee is eligible to participate in the PSP. The awards represent the right of an Eligible Person to receive fully paid shares free of charge, upon the participant satisfying the criteria set out in the PSP and upon satisfying such conditions as may be imposed. The number of shares to be granted to an Eligible Person shall be determined at the absolute discretion of the Remuneration Committee, which shall consider criteria such as his rank, job performance and potential for future development, his contribution to the success and development of the Group and the extent of effort with which the performance conditions as determined by the Remuneration Committee may be achieved within the performance period.

Each award to be granted to an Eligible Person who is a non-executive director of any member of the Group shall not exceed 10% of the total number of shares available for grant of awards under the PSP. The total number of shares which may be issued and/or issuable pursuant to awards granted under the PSP on any date shall not exceed 15% of the issued shares of the Company (excluding any shares held in treasury) from time to time. The PSP shall continue to be in force at the discretion of the Remuneration Committee, subject to a maximum period of 10 years, commencing from adoption date, provided always that the PSP may continue beyond the stipulated period with the approval of the Company's shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

Date of grant	Balance at 1 January 2016	Granted	Vested	Balance at 31 March 2017
14 May 2013	1,166,666	–	(1,166,666)	–
6 July 2015	50,500,000	–	(50,500,000)	–
14 November 2016	–	75,000,000	–	75,000,000
	<u>51,666,666</u>	<u>75,000,000</u>	<u>(51,666,666)</u>	<u>75,000,000</u>

Directors' Statement

5 VALLIANZ PERFORMANCE SHARE PLAN ("PSP") (CONT'D)

The number of share awards granted to the directors of the Company under the PSP is as follows:

Share awards participants	Share awards granted during the financial period	Aggregate share awards granted since commencement of plan to the end of the financial period	Aggregate share awards vested since commencement of plan to the end of the financial period	Aggregate share awards outstanding as at the end of the financial period
Yeo Chee Neng	12,000,000	30,000,000	(18,000,000)	12,000,000
Ling Yong Wah	10,000,000	19,000,000	(9,000,000)	10,000,000
Yeo Jeu Nam	1,000,000	3,000,000	(2,000,000)	1,000,000
Bote de Vries	1,000,000	1,600,000	(600,000)	1,000,000
Wong Leong Jeam	1,000,000	1,000,000	–	1,000,000
	<u>25,000,000</u>	<u>54,600,000</u>	<u>(29,600,000)</u>	<u>25,000,000</u>

The PSP is administered by the Remuneration Committee whose members are:

- (i) Yeo Jeu Nam (Chairman)
- (ii) Bote de Vries
- (iii) Wong Leong Jeam

6 AUDIT COMMITTEE

The Audit Committee comprises three Non-Executive Directors. The members of the committee are:

Bote de Vries	(Chairman and Independent Non-Executive Director)
Yeo Jeu Nam	(Independent Non-Executive Director)
Wong Leong Jeam	(Independent Non-Executive Director)

During the financial period, the Audit Committee held five meetings.

The functions of the Audit Committee include the following:

- (a) review of the internal audit plans and results of the internal auditors' examination and evaluation of the Group's systems of internal accounting controls;
- (b) review of the external audit plans and reports and evaluation of co-operation given by the Company's officers to the external auditors;

Directors' Statement

6 AUDIT COMMITTEE (CONT'D)

- (c) review of the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company before their submission to the directors of the Company and external auditors' report on those financial statements;
- (d) review of the quarterly and annual announcements as well as the related press releases on the results and financial position of the Group and Company;
- (e) nominate the external auditors of the Group for re-appointment; and
- (f) review the interested person transactions.

The Audit Committee has full access to and the co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any director and executive officer to attend its meetings. The external and internal auditors have unrestricted access to the Audit Committee.

The Audit Committee has recommended to the directors the nomination of Deloitte & Touche LLP for re-appointment as external auditors of the Group at the forthcoming Annual General Meeting of the Company.

7 AUDITORS

The auditors, Deloitte & Touche LLP, have expressed their willingness to accept re-appointment.

ON BEHALF OF THE DIRECTORS

Ling Yong Wah

Yeo Chee Neng

12 June 2017

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying financial statements of Vallianz Holdings Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 March 2017, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the period from 1 January 2016 to 31 March 2017, and the notes to the financial statements, including a summary of significant accounting policies, as set out on pages 54 to 137.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group of the changes in equity of the Company for the period ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

Key Audit Matters

Financial statements have been prepared on a going concern basis

The offshore and marine sector continues to be affected by the effect of the prolonged decline in oil prices on the oil and gas industry leading to a slump in the demand for offshore oilfield support services. Consequently, the offshore support vessel ("OSV") industry is inundated with overcapacity issues and facing downward pressure on vessel utilisation and charter rates.

During the financial period ended 31 March 2017, the Group recorded a net loss for the period (after exceptional expenses) of US\$192.5 million and for most parts of the financial period, the Group was in a net current liability position. At the operational level, the Group continues to be profitable.

As at 31 March 2017, the Group's receivables amounting to US\$64.4 million owing from a related party, were exposed to the effect of the related party being placed under judicial management. If these receivables are impaired, this will lead to a net current liability position of the Group.

Additionally, during the financial period ended 31 March 2017, a non-repayment of the instalment payment by a 51%-owned subsidiary corporation of the Group triggered a technical default on its loan arrangement (Note 20).

These conditions may cast significant doubt on the Group's ability to continue as a going concern.

Management is of the view that the Group will be able to meet its obligations in the foreseeable future as a result of the following:

- there is positive cash inflows from management's forecast of the cash flow projections of the Group over the next 12 months, prepared on the assumption that revenue is based on current order book and successful completion of the Rights cum Warrants Issue and the offsetting arrangements per the SOSAs;
- the Group entering into Set-Off and Settlement Agreements ("SOSAs") and Rights and Warrants Issue subsequent to the financial period ended 31 March 2017, as further disclosed in Notes 4(b)(iv) and 47, of which management is confident of the conditions precedent in the agreements being met; and
- the loan management that is currently in technical default is secured by the mortgage of a vessel held by a related company of a major shareholder. The vessel was valued above the outstanding amount of loan as at 31 March 2017 by an independent valuer engaged by management.

Accordingly, management does not believe there is a material uncertainty over the ability of the Group to continue to operate as a going concern.

Our audit performed and responses thereon

Our audit approach included the following procedures:

- We reviewed management's assessment on going concern through obtaining management's forecast of the cash flow projections of the Group over the next 12 months;
- We challenged the appropriateness of the key assumptions used by management in the cash flow projections and performed sensitivity tests;
- We obtained the signed SOSAs; and assessed management's evaluation of the conditions precedent of the SOSAs and the potential outcome of the offsetting arrangements being in place; and
- We have assessed the valuer's competency and engaged our internal specialist to evaluate the appropriateness of the valuation techniques adopted by management and the valuer (with respect to the valuation of vessel secured over the defaulted loan).
- We have also reviewed the adequacy and appropriateness of the disclosures made in Notes 3 and 4 to the financial statements.

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

Key Audit Matters

Concentration of revenue with a customer

The Group is principally engaged in three operating segments, namely (1) Vessel chartering and brokerage, (2) Vessel management and services, and (3) Investment holding.

We have identified revenue from vessel chartering and brokerage to be of significance (i.e. contributed 84% to the Group's total revenue) due to the concentration of the chartering contracts with a national oil company ("NOC") in the Middle East which contributed to the majority of the Group's total vessel chartering and brokerage income.

Management has assessed the background of the abovementioned customer and has no concern over the financial ability of the customer.

The Group typically enters into voyage charter hiring contracts, which are generally for a period of three to six months; except for the contracts entered with NOC, which are contracted for a period of up to seven years.

The Group recognises revenue from charter hire contracts on a straight-line basis over the period of the relevant contracts as set out in Note 2 to the financial statements and the different revenue streams for the Group have been disclosed in Note 33 to the financial statements.

Valuation of trade and other receivables

Under *FRS 39 Financial Instruments: Recognition and Measurement*, the Group is required to assess for indicators of impairment on the trade and other receivables.

In particular, the Group has identified trade and other receivables due from a related party (who is placed under judicial management), amounting to US\$64.4 million (i.e. 30% of the Group's total trade and other receivables), which are subject to a Set-Off and Settlement Agreement ("SOSA") with the Group's outstanding trade and other payables as of 31 March 2017, via a Rights cum Warrants issue, as disclosed in Note 47 to the financial statements.

Our audit performed and responses thereon

We reviewed the work performed by component auditors of the Group which included the following procedures:

- Evaluated the design and implementation of relevant controls over revenue streams;
- Reviewed the charter hire agreements for any unusual terms or conditions or side arrangements; and
- Performed substantive procedures and assessed:
 - the occurrence and cutoff of revenue by sample testing and agreeing to the related customer order, shipping documentation and the charter hire agreements; and
 - the completeness of revenue by sample testing and matching all the revenue transactions of the period with the signed charter hire agreements.

We have also reviewed management's assessment of the background of the customer.

Our audit procedures included:

- Evaluated the design and implementation of controls over the Group's credit and collection processes;
- Evaluated management's assessment of the collectability of significant overdue receivables;
- Performed procedures which comprise specific analysis of the individual customers with long overdue balance, analysis of past bad debts trend analysis by comparing the allowance for doubtful debts to the actual doubtful debts written off and assessing the current financial position of the customers;
- Performed substantive procedures which includes reviewing the subsequent collections from customers; and

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

Key Audit Matters

Our audit performed and responses thereon

Valuation of trade and other receivables (cont'd)

Management is confident of meeting the conditions precedent as set out in the SOSA and ultimately the setting-off of these trade and other receivables against trade and other payables owing from/to the related party. This assessment requires the exercise of significant judgement by management.

The aging profile and details of the trade and other receivables have been disclosed in Notes 7 and 8 to the financial statements.

Impairment of assets

The Group's and Company's other key assets, apart from cash and cash equivalent, trade and other receivables, comprise the following :-

- property, plant and equipment (in particular, vessels),
- goodwill,
- intangible assets,
- Available-For-Sale ("AFS") investment,
- subsidiary corporations,
- joint ventures, and
- associate.

Under FRS 36 *Impairment of Assets*, the Group is required to annually assess for indicators of impairment of the non-current assets; and significant management's estimates and judgment are involved in the determination of the recoverable amounts of the non-current assets as set out in Notes 2 and 3 to the financial statements.

- For trade and other receivables due from the related party (who is placed under judicial management), we have also performed the following audit procedures:
 - Obtained the signed set-off and settlement agreement and assessed management's evaluation of the condition precedents of the SOSAs and the validity of the set-off.

Our audit approach included the following procedures:

- We evaluated the appropriateness of management's controls over the impairment assessment process, including indicators of impairment, determination of CGUs for the purpose of assessing the recoverable amounts;
- We held discussions with management's experts to obtain an understanding on the approach adopted in the valuation of vessels, key assumptions made, and objectivity and independence of the valuers;
- We engaged our internal specialists to assess the appropriateness of the key assumptions adopted by management and the valuers (with respect to the valuation of vessels); and
- We reviewed the adequacy and appropriateness of the disclosures made in the financial statements.

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

Key Audit Matters

Our audit performed and responses thereon

Impairment of assets (cont'd)

As the challenging market conditions continue and the charter rates remain depressed in current year, these indicators suggest that vessels and other non-current assets may be impaired. Management has assessed the recoverable amounts of the vessels based on market value evaluated by independent professional valuers. The market value is underpinned by a number of key assumptions used in the market comparable approach that reflects recent transaction prices for similar vessels, taking into consideration the age and condition of the vessels. An impairment charge of US\$131.3 million was made as disclosed in Note 14 to the financial statements.

As for goodwill and intangible assets, management made full impairment in view of the discontinuation of the crew management services by a subsidiary corporation of the Group during the financial period as disclosed in Notes 18 and 13 to the financial statements respectively.

With respect to the impairment of AFS investment, management has taken into account the ultimate holding company of the issuer entering into judicial management. Accordingly, management has recorded an impairment charge of US\$45.6 million as disclosed in Note 12 to the financial statements.

Likewise for investments in subsidiary corporations, joint ventures and associate, management has taken into account of budgeted cash flows from the Cash Generating Units ("CGUs") and recoverable amount (based on the investment's net tangible assets (liabilities) position) and qualitative factors such as economic outlook relating to those assets. Based on management's assessment, impairment charges of US\$29.4 million, US\$5.9 million and US\$13.4 million have been made on investments in subsidiary corporations, a joint venture and associate as disclosed respectively in Notes 15, 16 and 17 to the financial statements.

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

Management is responsible for the other information. The other information comprises all information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND DIRECTORS FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report

To the Members of Vallianz Holdings Limited

- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tsia Chee Wah.

See accompanying notes to financial statements.

Notes to Financial Statements

31 March 2017

1 GENERAL

The Company (Registration No. 199206945E) is incorporated in the Republic of Singapore with its principal place of business and registered office at 12 International Business Park, #03-02 Swiber@IBP, Singapore 609920. The Company is listed on the Catalist Board of the Singapore Exchange Securities Trading Limited ("SGX-ST"). The financial statements are expressed in United States dollars.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiary corporations, joint ventures and associate are detailed in Notes 15, 16 and 17 to the financial statements respectively.

On 6 September 2016, the Company changed its financial year end from 31 December to 31 March. Accordingly, the current financial period covers a period of 15 months from 1 January 2016 to 31 March 2017.

The consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the financial period ended 31 March 2017 were authorised for issue by the Board of Directors on 12 June 2017.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING – The financial statements have been prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Singapore Companies Act and Singapore Financial Reporting Standards ("FRS").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of FRS 102 *Share-based payment*, leasing transactions that are within the scope of FRS 17 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in FRS 2 *Inventories* or value in use in FRS 36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

ADOPTION OF NEW AND REVISED STANDARDS – On 1 January 2016, the Group adopted all the new and revised FRSs and Interpretations of FRS (“INT FRS”) that are effective from that date and are relevant to its operations. The adoption of these new/revise d FRSs and INT FRSs does not result in changes to the Group’s and Company’s accounting policies and has no material effect on the amounts reported for the current or prior years.

At the date of authorisation of these financial statements, the following FRSs and amendments to FRS that are relevant to the Group and the Company were issued but not effective:

- FRS 109 *Financial Instruments*⁽¹⁾
- FRS 115 *Revenue from Contracts with Customers (with clarifications issued)*⁽²⁾
- FRS 116 *Leases*⁽²⁾

⁽¹⁾ Applies to annual periods beginning on or after 1 January 2018, with early application permitted.

⁽²⁾ Applies to annual periods beginning on or after 1 January 2019, with earlier application permitted if FRS 115 is adopted.

Consequential amendments were also made to various standards as a result of these new/revise d standards.

IFRS convergence 2018

Singapore-incorporated company listed on the Singapore Exchange (“SGX”) will be required to apply a new Singapore financial reporting framework that is identical to the International Financial Reporting Standards (“IFRS”) for annual periods beginning on or after 1 January 2018. The Group will be adopting the new framework for the first time for financial year ending 31 March 2019, retrospective application to the comparative financial year ended 31 March 2018 and the opening statement of financial position as at 1 April 2017 (date of transition).

Based on a preliminary assessment of the potential impact arising from IFRS 1 *First-time adoption of IFRS*, management does not expect any changes to the Group’s current accounting policies or material adjustments on transition to the new framework, other than those that may arise from implementing new/revise d IFRSs, and the election of certain transition options available under IFRS 1. Management is currently performing a detailed analysis of the transition options and other requirements of IFRS 1. Particularly, management is evaluating the following transition to the new framework:

- Option to reset the translation reserve to zero as at date of transition

The preliminary assessment above may be subject to change arising from the detailed analysis.

FRS 109 *Financial Instruments*

FRS 109 was issued in December 2014 to replace FRS 39 *Financial Instruments: Recognition and Measurement* and introduced new requirements for (i) the classification and measurement of financial assets and financial liabilities (ii) general hedge accounting and (iii) impairment requirements for financial assets.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Key requirements of FRS 109:

- All recognised financial assets that are within the scope of FRS 39 are now required to be subsequently measured at amortised cost or fair value. Specifically, debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured at fair value through other comprehensive income (FVTOCI). All other debt instruments and equity investments are measured at FVTPL at the end of subsequent accounting periods. In addition, under FRS 109, entities may make an irrevocable election, at initial recognition, to measure an equity investment (that is not held for trading) at FVTOCI, with only dividend income generally recognised in profit or loss.
- With some exceptions, financial liabilities are generally subsequently measured at amortised cost. With regard to the measurement of financial liabilities designated as at FVTPL, FRS 109 requires that the amount of change in fair value of such financial liability that is attributable to changes in the credit risk be presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch to profit or loss. Changes in fair value attributable to the financial liability's credit risk are not subsequently reclassified to profit or loss.
- In relation to the impairment of financial assets, FRS 109 requires an expected credit loss model, as opposed to an incurred credit loss model under FRS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.
- The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in FRS 39. Under FRS 109, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

FRS 109 is effective for annual periods beginning on or after 1 January 2018, with early application permitted.

Management anticipates that the initial application of the new FRS 109 will result in additional disclosures to be made with respect to judgement and estimates made around expected credit losses and the Group's credit risk management activities.

Management will consider whether a lifeline or 12-month expected credit losses on financial assets and liabilities should be recognised, of which is dependent on whether there has been a significant increase in the credit risk of the assets and liabilities from the initial recognition to the date of initial application of FRS 109. As a result, additional disclosure will also be made. It is currently impracticable to disclose any further information on the known or reasonably estimate impact to the Group's financial statements in the period of initial application as management has set to complete its detailed assessment.

Notes to Financial Statements

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

FRS 115 Revenue from Contracts with Customers

In November 2014, FRS 115 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. FRS 115 will supersede the current revenue recognition guidance including FRS 18 *Revenue*, FRS 11 *Construction Contracts* and the related Interpretations when it becomes effective. Further clarifications to FRS 115 were also issued in June 2016.

The core principle of FRS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under FRS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in FRS 115 to deal with specific scenarios. Furthermore, extensive disclosures are required by FRS 115.

FRS 115 is effective for annual periods beginning on or after 1 January 2018, with early application permitted.

Management anticipates that the initial application of FRS 115 will result in additional disclosures with regards to their assessment of control and recognition of revenue. It is currently impracticable to disclose any further information on the known or reasonably estimable impact to the Group’s financial statements in the period of initial application as management has yet to complete its detailed assessment.

FRS 116 Leases

FRS 116 was issued in June 2016 and will supersede FRS 17 *Leases* and its associated interpretative guidance.

The Standard provides a comprehensive model for the identification of lease arrangements and their treatment in the financial statements of both lessees and lessors. The identification of leases, distinguishing between leases and service contracts, are determined on the basis of whether there is an identified asset controlled by the customer.

Significant changes to lessee accounting are introduced, with the distinction between operating and finance leases removed and assets and liabilities recognised in respect of all leases (subject to limited exceptions for short-term leases and leases of low value assets). The Standard maintains substantially the lessor accounting approach under the predecessor FRS 17.

FRS 116 is effective for annual periods beginning on or after 1 January 2019, with earlier application permitted if FRS 115 is adopted.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

FRS 116 Leases (cont'd)

Management expects the adoption of the above FRS to have a material impact on the financial statements of the Group in the period of their initial adoption, in particular on property, plant and equipment, finance lease liabilities and depreciation expenses.

BASIS OF CONSOLIDATION – The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiary corporations. Control is achieved when the company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary corporation begins when the Company obtains control over the subsidiary corporation and ceases when the Company loses control of the subsidiary corporation. Specifically, income and expenses of a subsidiary corporation acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary corporation.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiary corporations is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary corporations to bring their accounting policies in line with the Group's accounting policies.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Changes in the Group's ownership interests in existing subsidiary corporations

Changes in the Group's ownership interests in subsidiary corporations that do not result in the Group losing control over the subsidiary corporations are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary corporations. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary corporation, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary corporation and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary corporation are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary corporation (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable FRSs). The fair value of any investment retained in the former subsidiary corporation at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 39, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

In the Company's financial statements, investments in subsidiary corporations, associate and joint ventures are carried at cost less any impairment in net recoverable value that has been recognised in profit or loss.

BUSINESS COMBINATIONS – Acquisitions of subsidiary corporations and businesses are accounted for using the acquisition method. The consideration for each acquisition is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

Where applicable, the consideration for the acquisition includes any asset or liability resulting from a contingent consideration arrangement, measured at its acquisition-date fair value. Subsequent changes in such fair values are adjusted against the cost of acquisition where they qualify as measurement period adjustments (see below). The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates at fair value, with changes in fair value recognised in profit or loss. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates in accordance with FRS 39 *Financial Instruments: Recognition and Measurement*, or FRS 37 *Provisions, Contingent Liabilities and Contingent Assets*, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Changes in the Group's ownership interests in existing subsidiary corporations (cont'd)

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under the FRS are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with FRS 12 *Income Taxes* and FRS 19 *Employee Benefits* respectively;
- liabilities or equity instruments related to share-based payment transactions of the acquiree or the replacement of an acquiree's share-based payment awards transactions with share-based payment awards transactions of the acquirer in accordance with the method in FRS 102 *Share-based Payment* at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with FRS 105 *Non-current Assets Held for Sale and Discontinued Operations* are measured in accordance with that standard.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another FRS.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date and is subject to a maximum of one year from acquisition date.

The accounting policy for initial measurement of non-controlling interests is described above.

FINANCIAL INSTRUMENTS – Financial assets and financial liabilities are recognised on the Group's statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premium or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period. Income and expense is recognised on an effective interest basis for debt instruments.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial assets

Available-for-sale financial assets

Preference shares held by the Group are classified as being available for sale and are stated at fair value. Fair value is determined in the manner described in Note 4. Gains and losses arising from changes in fair value are recognised in other comprehensive income with the exception of impairment losses, interest calculated using the effective interest method and foreign exchange gains and losses on monetary assets which are recognised directly in profit or loss. Where the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously recognised in other comprehensive income and accumulated in revaluation reserve is reclassified to profit or loss. Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive payments is established. The fair value of available-for-sale monetary assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. The change in fair value attributable to translation differences that result from a change in amortised cost of the asset is recognised in profit or loss, and other changes are recognised in other comprehensive income.

Certain unquoted equity investments held by the Group are classified as being available-for-sale and are stated at cost less any accumulated impairment losses.

Loans and receivables

Trade and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as "loans and receivables". Loans and receivables (including trade and other receivables, bank balances and cash) are initially measured at fair value and subsequently measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest method, except for short-term receivables when the effect of discounting is immaterial.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial asset have been impacted.

For available-for-sale equity instruments, a significant or prolonged decline in the fair value of the investment below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include:

- Significant financial difficulty of the issuer or counterparty; or
- Default or delinquency in interest or principal payments; or
- It becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial assets (cont'd)

Impairment of financial assets (cont'd)

For financial assets that are carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of receivables where the carrying amount is reduced through the use of an allowance account. When a receivable is uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to the profit or loss. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the financial asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

When an available-for-sale financial asset is considered to be impaired, cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss.

In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any subsequent increase in fair value after an impairment loss is recognised in other comprehensive income.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial liabilities and equity instruments (cont'd)

Preference shares and perpetual capital securities

Such instruments are classified as equity if they are non-redeemable or redeemable only at the Group's option, and any dividends are discretionary. Discretionary dividends thereon are recognised as distributions within equity.

Shareholder's advances

Shareholder's advances has been classified as an equity instrument as the settlement of the amount is expected to be by the issuance of a fixed number of shares of the Company.

Other financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest method, with interest expense recognised on an effective yield basis, except for short-term payables when the recognition of interest would be immaterial.

Interest-bearing bank loans are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings.

Costs incurred in connection with long-term financing facilities are deferred and amortised, using the effective interest method, over the tenure of the financing facilities.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

DERIVATIVE FINANCIAL INSTRUMENTS AND HEDGE ACCOUNTING – The Group enters into derivative financial instruments to manage its exposure to foreign exchange rate risks and interest rate risks which includes cross currency and interest rate swaps. Further details of derivative financial instruments are disclosed in Note 25 to the financial statements.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship. The Group designates derivatives as hedges of highly probable forecast transactions or hedges of foreign currency risk of firm commitments (cash flow hedges).

A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months. Other derivatives are presented as current assets or current liabilities.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial liabilities and equity instruments (cont'd)

Hedge accounting

The group designates certain hedging instruments which include derivatives, in respect of foreign currency risk as either fair value hedges or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the group documents whether the hedging instrument that is used in a hedging relationship is highly effective in offsetting changes in fair values or cash flows of the hedged item.

Fair value hedge

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in profit or loss immediately, together with any changes in the fair value of the hedged item that is attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in the line of the statement of profit or loss and other comprehensive income relating to the hedged item.

Hedge accounting is discontinued when the Group revokes the hedging relationship, the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. The adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

Cash flow hedge

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recognised in other comprehensive income. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss as part of other gains and losses.

Amounts recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item is recognised in profit or loss in the same line of the statement of profit or loss and other comprehensive income as the recognised hedged item. However, when the forecast transaction that is hedged results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously accumulated in equity are transferred from equity and included in the initial measurement of the cost of the asset or liability.

Hedge accounting is discontinued when the Group revokes the hedging relationship, the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Any gain or loss accumulated in equity at that time remains in equity and when the forecast transaction is ultimately recognised in profit or loss, such gains and losses are recognised in profit or loss, or transferred from equity and included in the initial measurement of the cost of the asset or liability as described above. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was accumulated in equity is recognised immediately in profit or loss.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Company and the Group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

CONSTRUCTION CONTRACTS AND RELATED REVENUE RECOGNITION – Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period, as measured by the proportion that contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

Where the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

When contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is shown as amounts due from customers for contract work. For contracts where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is shown as amounts due to customers for contract work. Amounts received before the related work is performed are included in the consolidated statement of financial position, as a liability, as amounts due to construction contracts customers.

Amounts billed for work performed but not yet paid by the customer are included in the consolidated statement of financial position under trade receivables.

CASH AND CASH EQUIVALENTS – Cash and cash equivalents in the consolidated statement of cash flows comprise cash on hand, demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

LEASES – Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Charter hire income from operating leases is recognised on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease income.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Group as lessee

Assets held under finance leases are recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly to profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

INVENTORIES – Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

PROPERTY, PLANT AND EQUIPMENT – Property, plant and equipment are carried at cost less accumulated depreciation and any accumulated impairment losses.

Upon acquisition of a vessel, the components of the vessel which are required to be replaced at the next drydocking are identified. The cost of these components is depreciated over the period to the next estimated drydocking costs. Costs incurred on subsequent drydocking of vessels are capitalised and depreciated over the period to the next drydocking date. When significant drydocking costs recur prior to the expiry of the depreciation period, the remaining costs of the previous drydocking are written off in the month of the subsequent drydocking.

Vessels in the course of construction for production or supply purposes, or for purposes not yet determined, are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Depreciation of these assets, on the same basis as other vessels, commences when the assets are ready for their intended use.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Depreciation is charged so as to write off the cost less residual values over their estimated useful lives, using the straight-line method, on the following bases:

Computers	–	3 years
Office furniture and equipment	–	2 to 5 years
Renovation	–	3 years
Motor vehicles	–	3 to 7 years
Dry-docking	–	5 years
Vessels	–	12 to 25 years
Plant and machineries	–	3 to 5 years
Leasehold building	–	over the estimated term of the lease which ranges from 5 to 30 years

The estimated useful lives, residual values and depreciation method are reviewed at each period end, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, if there is no certainty that the lessee will obtain ownership by the end of the lease term, the asset shall be fully depreciated over the shorter of the lease term and its useful life.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

NON-CURRENT ASSETS CLASSIFIED AS HELD FOR SALE – Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Group is committed to a sale plan involving loss of control of a subsidiary corporation, all of the assets and liabilities of that subsidiary corporation are classified as held for sale when the criteria described above are met, regardless of whether the Group will retain a non-controlling interest in its former subsidiary corporation after the sale.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

IMPAIRMENT OF NON-FINANCIAL ASSETS – At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior periods. A reversal of an impairment loss is recognised immediately in profit or loss.

ASSOCIATE AND JOINT VENTURES – An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associate or joint venture are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with FRS 105. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The requirements of FRS 39 are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group's investment in an associate or a joint venture. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with FRS 36 *Impairment of Assets* as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount, any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with FRS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with FRS 39. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

Where a Group entity transacts with an associate or joint venture, profits and losses are eliminated to the extent of the Group's interest in the relevant associate or joint venture where material.

GOODWILL – Goodwill arising in a business combination is recognised as an asset at the date that control is acquired (the acquisition date). Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

If, after reassessment, the Group's interest in the fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Goodwill is not amortised but is reviewed for impairment at least annually. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary corporation or the relevant cash generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

INTANGIBLE ASSETS ACQUIRED IN A BUSINESS COMBINATION – Intangible assets acquired in a business combination are identified and recognised separately from goodwill. The cost of such intangible assets is their fair value at the acquisition date.

Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets acquired separately.

Intangible assets of the Group relate to customer relationships acquired in business combinations and have finite useful lives and are measured at cost less accumulated amortisation and impairment losses. These are amortised to profit or loss on a straight-line basis over their estimated useful life of 3 years.

PROVISIONS – Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

SHARE-BASED PAYMENTS – The Group issues equity-settled share-based payments to certain employees.

Equity-settled share-based payments are measured at fair value of the equity instruments at the date of grant. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in Note 30. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of the number of equity instruments that will eventually vest. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options reserve.

REVENUE RECOGNITION – Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for services provided in the normal course of business, net of discounts and sales related taxes.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Charter hire and brokerage income

Revenue generated from charter hire and brokerage income is recognised on a straight-line basis over the period of the relevant leases.

Vessel management income

Vessel management income is recognised on a straight-line basis over the terms of the service agreements or in the period in which the services are rendered for short-term agreements.

Dividend income

Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

BORROWING COSTS – Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

EXCEPTIONAL ITEMS – Exceptional items refer to items of income or expense within the income statement from ordinary activities that are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance for the financial year.

RETIREMENT BENEFIT COSTS – Payments to defined contribution retirement benefit plans are charged as an expense when employees have rendered the services entitling them to the contributions. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

The Group has long-term retrenchment benefit obligations for certain overseas subsidiary corporations where contributions are made on a mandatory, contracted or voluntary basis. The contributions are recognised as employee benefit expense in the year to which they relate.

EMPLOYEE LEAVE ENTITLEMENT – Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

INCOME TAX – Income tax expense represents the sum of the tax currently payable and deferred tax.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated statement of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiary corporations operate by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary differences arise from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiary corporations and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited outside profit or loss (either in other comprehensive income or directly in equity), in which case the tax is also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively), or where they arise from the initial accounting for a business combination. In the case of a business combination, the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

Notes to Financial Statements

31 March 2017

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION – The individual financial statements of each Group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are presented in United States dollars, which is the functional currency of the Company, and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains or losses are recognised in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised in other comprehensive income.

Exchange differences on transactions entered into in order to hedge certain foreign currency risks are described in the hedge accounting policies above.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in United States dollars using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in a separate component of equity under the header of foreign currency translation reserve.

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary corporation that includes a foreign operation, loss of joint control over a jointly controlled entity that includes a foreign operation, or loss of significant influence over an associate that includes a foreign operation), all of the accumulated exchange differences in respect of that operation attributable to the Group are reclassified to profit or loss. Any exchange differences that have previously been attributed to non-controlling interests are derecognised, but they are not reclassified to profit or loss.

In the case of a partial disposal (i.e. no loss of control) of a subsidiary corporation that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. of associates or jointly controlled entities that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

Notes to Financial Statements

31 March 2017

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(i) *Critical judgements in applying the entity's accounting policies*

The following are the critical judgements, apart from those involving estimations (see below), that management has made in the process of applying the Group's accounting policies that have the most significant effects on the amounts recognised in the financial statements.

Financial statements have been prepared on a going concern basis

During the financial period ended 31 March 2017, the Group recorded a net loss for the period (after exceptional expenses) of US\$192.5 million and for most parts of the financial period, the Group was in net current liability position. At the operational level, the Group continues to be profitable.

As at 31 March 2017, the Group's receivables amounting to US\$64.4 million owing from a related party, were exposed to the effect of the related party being placed under judicial management. If these receivables are impaired, this will lead to a net current liability position of the Group.

Additionally, during the financial period ended 31 March 2017, a non-repayment of the instalment payment by a subsidiary corporation of the Group triggered a technical default on its loan arrangement (Note 20).

These conditions may cast significant doubt on the Group's ability to continue as a going concern.

Management is of the view that the Group will be able to meet its obligations in the foreseeable future as a result of the following:

- the Group entering into Set-Off and Settlement Agreements ("SOSAs") and Rights and Warrants Issue subsequent to the financial period ended 31 March 2017, as further disclosed in Notes 4(b)(iv) and 47, of which management is confident of the conditions precedent in the agreements being met; and
- there is positive cash inflows from management's forecast of the cash flow projections of the Group over the next 12 months, prepared on the assumption that revenue is based on current order book and successful completion of the Rights cum Warrants Issue and the offsetting arrangements per the SOSAs.

Accordingly, management does not believe there is a material uncertainty over the ability of the Group to continue to operate as a going concern.

Notes to Financial Statements

31 March 2017

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES (CONT'D) OF ESTIMATION UNCERTAINTY (CONT'D)

(i) *Critical judgements in applying the entity's accounting policies (cont'd)*

Rawabi Vallianz Offshore Services Company Limited ("RVOS")

On 1 October 2013, the Group acquired 50% of the issued share capital of RVOS, an entity incorporated in the Kingdom of Saudi Arabia. Therefore, as at 31 December 2013, the directors of the Company assessed that the Group has the practical ability to direct the relevant activities of RVOS and RVOS has been classified as a subsidiary corporation of the Group even though the Group has 50% ownership interest and voting rights (Note 15).

Rawabi Vallianz International Company Limited ("RVIC")

On 11 December 2015, the Group set up a joint venture entity, RVIC, incorporated in the Kingdom of Saudi Arabia. Management has assessed that the Group exercised joint control over RVIC as the strategic financial and operating policy decisions relating to RVIC's activities required the unanimous consent of both of RVIC's shareholders. Accordingly, since the year ended 31 December 2015, RVIC has been accounted for as a joint venture as disclosed in Note 16.

Other than the above, there are no critical judgements, apart from those involving estimations (see below), that management has made in the process of applying the Group's accounting policies that have the most significant effects on the amounts recognised in the financial statements.

(ii) *Key sources of estimation uncertainty*

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Impairment of property, plant and equipment

In 2017, the extremely challenging operating conditions in the offshore and market industry and the right-sizing efforts had triggered management to perform a review on the recoverable amounts of certain of its plant and equipment based on external market valuations obtained. The external market valuations were based on comparison value of similar assets. Following the review, management is of the view that the recoverable amounts of these assets were below the carrying amounts. Accordingly, as at 31 March 2017, the Group recognised impairment loss of approximately US\$131,334,000 (2015 : US\$Nil), relating to plant and equipment. The resultant carrying amount of the Group's property, plant and equipment is US\$372,233,000 (2016 : US\$161,007,000) as disclosed in Note 14 to the financial statements.

Useful lives and residual values of property, plant and equipment

The carrying amount of property, plant and equipment disclosed in Note 14 to the financial statements has been determined after charging depreciation on a straight-line basis over the estimated useful life of these assets and after taking into consideration the residual value of the property, plant and equipment.

Management reviews the estimated useful lives and residual values of these assets at the end of each reporting period and determined that these estimates remain reasonable.

Notes to Financial Statements

31 March 2017

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES (CONT'D) OF ESTIMATION UNCERTAINTY (CONT'D)

(ii) *Key sources of estimation uncertainty (cont'd)*

Recoverability of trade and other receivables

Management regularly reviews trade and other receivables and estimates the ultimate realisable amounts for each receivable, based on creditworthiness and the past collection history of each customer.

Specifically in 2017, a related party with whom the Group has frequent transactions with, announced that it had entered into judicial management ("announcement"). Following the announcement, the Group commenced discussions with the related party on the settlement of the outstanding receivables and payables between both parties ("settlement discussion"). Subsequent to 31 March 2017, the Group and the Company entered into a Set-Off and Settlement Agreement ("SOSA") as disclosed in Note 47. Trade and other receivables due from the related party amounted to US\$55,755,000 and US\$8,638,000 as at 31 March 2017 respectively.

As at 31 March 2017, management is of the view that the carrying amounts, after impairment, of the trade and other receivables as disclosed in Notes 7 and 8 respectively are recoverable.

Impairment of investments in subsidiary corporations, joint ventures and associate

The Group and Company review the carrying amounts of their investments in subsidiary corporations, joint ventures and associate to determine whether there are any indications that those assets have suffered an impairment loss. In performing its review, the Group and Company consider the recoverable amount of these investments in the foreseeable future by comparing to the carrying amount of net assets in each subsidiary corporation which approximated the market value less cost to sell.

Accordingly, as at 31 March 2017, the Group recognised impairment loss of US\$5,880,000 (2015 : US\$Nil) and US\$13,389,000 (2015 : US\$Nil) on the carrying amount of its investment in a joint venture and an associate respectively. Please see further details as disclosed in Notes 16 and 17 to the financial statements. The carrying amount of the investment in subsidiary corporations of the Company was also impaired by approximately US\$29,412,000 (2015 : US\$Nil) as disclosed in Note 15 to the financial statements.

Impairment of available-for-sale investments (unquoted preference shares)

Management assesses whether there is any objective evidence that available-for-sale investments are impaired, as evidenced by the occurrence of one of more loss events.

Management has taken into account the ultimate holding company of the issuer entering into judicial management. Accordingly management has recorded an impairment charge of US\$ 45,471,000 as further disclosed in Note 12.

The carrying amount of available-for-sale investments is disclosed in Note 12.

Impairment of goodwill and intangible assets

Determining whether goodwill and intangible assets is impaired requires an estimation of the value in use of the cash-generating units to which goodwill and intangible assets has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Following the completion of the Group's review for recoverability, management is of the view that impairment losses of US\$9,171,000 (2015 : US\$Nil) and US\$1,617,000 (2015 : US\$Nil) are to be recognised against the carrying amount of goodwill and intangible assets respectively as at the end of the reporting period in view of the right-sizing initiatives it undertook during the financial period and after the customer group from which the value of the intangible asset was derived from, catered into judicial management in July 2016. The carrying amount of goodwill and intangible assets are in Notes 18 and 13 to the financial statements respectively.

Notes to Financial Statements

31 March 2017

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES (CONT'D) OF ESTIMATION UNCERTAINTY (CONT'D)

(ii) *Key sources of estimation uncertainty (cont'd)*

Acquisition and purchase price allocation

The Group accounts for the acquired business/companies using the acquisition method of accounting which requires that the assets acquired and liabilities assumed be recorded at the date of acquisition at their fair values. As part of this process, it is also necessary to identify and recognise certain assets and liabilities which are not included on the acquiree's statement of financial position. Significant judgement is required in determining whether the intangible assets have indefinite or finite useful life and in determining the useful life for finite intangible assets. The judgements made in the context of the purchase price allocation ("PPA") can materially impact the Group's future results of operations. Accordingly, the Group obtained assistance from certain independent valuation specialists. These independent valuation specialists used assumptions and estimates to determine the valuation of certain identifiable assets of the acquired companies. These assumptions and estimates involve inherent uncertainties and the application of judgements. As a result, if factors change and these independent valuation specialists use different assumptions and estimates, the fair value of the identifiable net assets could be materially different. The valuations were based on information available at the acquisition date.

As at the end of the financial period, management has completed its assessment and is of the view that the acquisition of subsidiary corporations during the financial period is a business combination; and the fair values of the acquired assets and liabilities are as disclosed in Note 41 to the financial statements.

Income taxes

Significant judgement is involved in determining the Groups provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's income tax payable as at 31 March 2017 was US\$2,613,000 (2015 : US\$2,034,000). The carrying amount of the Group's deferred tax assets and liabilities are disclosed in Note 19 to the financial statements.

Fair value measurements and valuation processes

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for all significant fair value measurements, including Level 3 fair values.

In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation of vessels. The valuation team works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. The valuation team's findings are highlighted to the Board of Directors of the Company every quarter to explain the cause of fluctuations in the fair value of the assets and liabilities.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 4 to the financial statements.

Notes to Financial Statements

31 March 2017

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT

(a) *Categories of financial instruments*

The following table sets out the financial instruments as at the end of the reporting period:

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Financial assets				
Loans and receivables (including cash and cash equivalents)	232,790	323,546	122,658	273,917
Derivative financial instrument in a non-designated hedge accounting relationship	1,295	295	–	–
Available-for-sale investments	31,729	90,288	–	86
	265,814	414,129	122,658	274,003
Financial liabilities				
Amortised cost	540,224	493,459	144,320	138,466
Derivative financial instrument in designated hedge accounting relationship	–	15,967	–	15,967
	540,224	509,426	144,320	154,433

(b) *Financial risk management policies and objectives*

The Group's overall financial risk management programme seeks to minimise potential adverse effects of financial performance of the Group. Management reviews the overall financial risk management on specific areas, such as market risk (including foreign exchange risk, interest rate risk and equity price risk), credit risk, liquidity risk, cash flow interest rate risk, use of derivative financial instruments and investing excess cash.

Following the settlement of its notes payable in the current financial period, the Group engages in natural hedges to manage its exposure to foreign exchange risks. In 2017 and 2015, the Group engaged in interest rate swap to manage its exposure to fluctuation of interest rates on borrowings.

There has been changes to the Group's exposure to these financial risks or the manner in which it manages and measures the risk. Market risk exposures are measured using sensitivity analysis indicated below.

(i) Foreign exchange risk management

The Group assesses and monitors its current and projected foreign currency cash flows and insofar as possible, reduces the exposure of the net position in each currency by borrowing in those foreign currencies and utilises foreign currency forward contracts and cross currency swaps to manage the volatility of future cash flows caused by fluctuation in foreign currency exchange rates. The Group does not hold or issue derivative financial instruments for speculative purpose.

Notes to Financial Statements

31 March 2017

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

(b) *Financial risk management policies and objectives (cont'd)*

(i) Foreign exchange risk management (cont'd)

The Group's foreign currency exposures arise mainly from the exchange rate movements of the Singapore dollar against the United States dollar.

At the end of the reporting period, carrying amounts of significant monetary assets and liabilities denominated in currencies other than the respective Group entities' functional currencies, excluding notes payable (Note 24) which were hedged with cross currency swaps (Note 25) are as follows:

	Group				Company			
	Liabilities		Assets		Liabilities		Assets	
	31	31	31	31	31	31	31	31
	March	December	March	December	March	December	March	December
2017	2015	2017	2015	2017	2015	2017	2015	
US\$'000	US\$'000	US\$'000	US\$'000	US\$'000	US\$'000	US\$'000	US\$'000	
Singapore dollar	3,511	20,117	1,948	1,792	1,267	1,978	513	204

Foreign currency sensitivity

The following table details the sensitivity to a 5% increase and decrease in the relevant foreign currencies against the functional currency of each group entity. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates.

If the relevant foreign currency strengthens by 5% against the functional currency of each Group entity as at the period/year end, profit before tax will increase (decrease) by:

	Group		Company	
	1 January	1 January	1 January	1 January
	2016 to	2015 to	2016 to	2015 to
	31 March	31 December	31 March	31 December
2017	2015	2017	2015	
US\$'000	US\$'000	US\$'000	US\$'000	
Singapore dollar	(78)	(916)	(38)	(89)

If the relevant foreign currency weakens by 5% against the functional currency of each Group entity as at the period/year end, the effects will be the converse of the above.

The Group's exposure to Singapore dollars has decreased in the current period due to a decrease in Singapore-dollar denominated payables transacted by the subsidiary corporations.

Notes to Financial Statements

31 March 2017

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT

(b) *Financial risk management policies and objectives (cont'd)*

(ii) Interest rate risk management

The Group is exposed to interest rate risk mainly through its variable rate borrowings undertaken during the financial period.

Interest rate sensitivity

The sensitivity analysis below has been determined based on the exposure to interest rates for financial instruments at the end of the reporting period and the stipulated change taking place at the beginning of the financial period and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

If interest rates had been 50 basis points higher or lower during the period and all other variables were held constant, the Group's profit before tax would decrease or increase approximately US\$1,663,000 (2015 : US\$1,282,000).

(iii) Credit risk management

The Group has adopted procedures in extending credit terms to customers and in monitoring its credit risk. The Group only grants credit to creditworthy counterparties. Cash is held with reputable financial institutions.

The maximum exposure to credit risk in the event that the counterparties fail to perform their obligations as at the end of the reporting period in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the statement of financial position.

At the end of the reporting period, 67% (2015 : 65%) of the Group's trade and other receivables are due from related parties, associate and joint venture. As at 31 March 2017, 40% (2015 : 14%) of trade receivables are due from a single customer in Saudi Arabia.

Further details of credit risks on trade and other receivables are disclosed in Notes 7 and 8 respectively.

The maximum amount the Group could be forced to settle under financial guarantee contracts, if the full guaranteed amount is claimed by the counterparty to the guarantee is US\$181,256,000 (2015 : US\$92,029,000) for guarantees provided to subsidiary corporations and US\$23,408,000 (2015 : US\$55,523,000) for guarantees provided to associate. Based on expectations at the end of the reporting period, the Group considers that it is remote that any amount will be payable under the arrangement. However, this estimate is subject to change depending on the probability of the counterparty claiming under the guarantee which is a function of the likelihood that the financial receivables held by the counterparty suffer credit losses.

(iv) Liquidity risk management

As disclosed in Note 3(i), management has exercised significant judgment in assessing the Group's ability to operate as a going concern.

During the financial period ended 31 March 2017, the Group recorded a net loss for the period (after exceptional expenses) of US\$192.5 million and for most parts of the financial period, the Group was in a net current liability position. At the operational level, the Group continues to be profitable.

As at 31 March 2017, the Group's receivables amounting to US\$64.4 million owing from a related party, were exposed to the effect of the related party being placed under judicial management. If these receivables are impaired, this will lead to a net current liability position of the Group. Additionally, during the financial period ended 31 March 2017, a non-repayment of the instalment payment by a subsidiary corporation of the Group triggered a technical default on its loan arrangement (Note 20).

Notes to Financial Statements

31 March 2017

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

(b) Financial risk management policies and objectives (cont'd)

(iv) Liquidity risk management (cont'd)

These conditions may cast significant doubt on the Group's ability to continue as a going concern.

Management is of the view that the Group will be able to meet its obligations in the foreseeable future as a result of the following:

- the Group entering into Set-Off and Settlement Agreements ("SOSAs") and Rights and Warrants Issue subsequent to the financial period ended 31 March 2017, as further disclosed in Notes 3(i) and 47, of which management is confident of the conditions precedent in the agreements being met; and
- there is positive cash inflows from management's forecast of the cash flow projections of the Group over the next 12 months, prepared on the assumption that revenue is based on current order book and successful completion of the Rights cum Warrants Issue and the offsetting arrangements per the SOSAs.

Accordingly, management does not believe there is a material uncertainty over the ability of the Group to continue to operate as a going concern.

Derivative financial instruments

The following table details the liquidity analysis for derivative financial instruments. The table has been drawn up based on the undiscounted gross outflows on those derivatives that require gross settlement. When the amount payable or receivable is not fixed, the amount disclosed has been determined by reference to the projected interest rates as illustrated by the yield curves existing at the end of the reporting period.

Liquidity and interest risk analyses

Non-derivative financial liabilities

The following table details the remaining contractual maturity for non-derivative financial liabilities. The table below has been drawn up based on the undiscounted cash flows of the financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. The adjustment column represents the possible future cash flows attributable to the instrument included in the maturity analysis which are not included in the carrying amount of the financial liability on the statement of financial position.

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

(b) Financial risk management policies and objectives (cont'd)

(v) Fair values of financial assets and financial liabilities

The carrying amounts of cash and bank balances, trade and other receivables, and trade and other payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments. The fair values of other classes of financial assets and liabilities are disclosed in the respective notes to financial statements.

As at 31 March 2017, other than certain available-for-sale investments and derivative financial instruments, as disclosed in Notes 12 and 25 to the financial statements respectively, the Group has no financial assets and financial liabilities that are measured at fair value on a recurring basis. The fair value of derivative financial instrument (non-current) approximates the carrying value due to the insignificant amount as at 31 March 2017.

As at 31 December 2015, other than certain available-for-sale investments, contingent consideration, notes payable and derivative financial instruments, as disclosed in Notes 12, 22, 24 and 25 to the financial statements respectively, the Group has no financial assets and financial liabilities that are measured at fair value on a recurring basis.

Financial assets/ financial liabilities	Fair value as at (US\$'000)				Fair value hierarchy	Valuation technique (s) and key input(s)
	Assets	Liabilities	Assets	Liabilities		
	2017	2015	2017	2015		
Interest rate swaps	1,295	295	–	–	Level 2	Discounted cash flow. Future cash flows are estimated based on forward interest rates (from observable forward interest rates at the end of the reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties.
Cross currency swaps	–	–	–	(15,967)	Level 2	Discounted cash flow. Future cash flows are estimated based on forward exchange rates (from observable forward exchange rates at the end of the reporting period) and contract forward rates, discounted at a rate that reflects the credit risk of various counterparties.

Notes to Financial Statements

31 March 2017

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT (CONT'D)

(c) *Capital management policies and objectives*

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued share capital, perpetual capital securities amount from a shareholder, reserves and term loans.

The Group monitors the financial ratios of its debt covenants stated in the agreements on the financial institutions providing the facilities to the Group. The Group is in compliance with externally imposed capital requirements except as disclosed in Note 20 to these financial statements.

As at the end of the reporting period and the date of this report, the lenders have not sought to enforce their security and legal rights to call on the outstanding debts.

The Group's overall strategy remains unchanged from the prior year.

5 RELATED PARTY TRANSACTIONS

Some of the Group's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties is reflected in these financial statements. The balances due to and from related parties are with the related companies of its major shareholder and such balances are unsecured, interest free and repayable on demand unless otherwise stated.

During the financial period/year, the Group entered into the following significant related party transactions:

	Group	
	1 January 2016 to 31 March 2017	1 January 2015 to 31 December 2015
	US\$'000	US\$'000
<u>Related companies of the major shareholders</u>		
Charter hire and brokerage income	(28,458)	(12,121)
Dividend income	(3,206)	(4,832)
Vessel management income	(19,333)	(63,337)
Sale of plant and equipment	–	(5,937)

	<hr/>	<hr/>

Notes to Financial Statements

31 March 2017

5 RELATED PARTY TRANSACTIONS (CONT'D)

Compensation of directors and key management personnel

The remuneration of directors and other members of key management during the period was as follows:

	Group	
	1 January 2016 to 31 March 2017 US\$'000	1 January 2015 to 31 December 2015 US\$'000
Short-term benefits	1,699	2,053
Post-retirement benefits	97	89
Share-based payments	680	70
	<u>2,476</u>	<u>2,212</u>

The remuneration of directors and key management is determined by the remuneration committee having regard to the performance of individuals and market trends.

6 CASH AND CASH EQUIVALENTS

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Cash at banks	46,242	42,702	455	936
Cash on hand	25	95	–	–
Short-term deposits	–	4	–	–
	<u>46,267</u>	42,801	<u>455</u>	936
Less: Monies pledged with banks – non-current (Note 20)	<u>(699)</u>	(900)	–	–
Cash and cash equivalents	<u>45,568</u>	41,901	<u>455</u>	936

As at 31 March 2017, the Group does not have any short term deposits.

In 2015, the short term deposits bear interest of 0.25% per annum and for a tenure of 365 days. These deposits can be withdrawn before due date if required without having to incur significant costs, and therefore, the carrying amounts approximate their fair values.

Notes to Financial Statements

7 TRADE RECEIVABLES

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Associate (Note 17)	150	11,816	-	-
Outside parties	38,199	62,145	-	-
Subsidiary corporations (Note 15)	-	-	-	899
Related parties (Note 5)	56,024	56,416	-	-
	94,373	130,377	-	899
Less: allowance for doubtful trade receivables	(2,483)	(22)	-	-
Total	91,890	130,355	-	899
<i>Movements in allowance for impairment of receivables:</i>				
At the beginning of period/year	22	1,653	-	-
Charge for the period/year	2,461	22	-	-
Written back	-	(17)	-	-
Written off	-	(1,636)	-	-
At end of period/year	2,483	22	-	-

The credit period on services rendered is 30 days (2015 : 30 days). No interest is charged on overdue receivables.

In addition to the disclosure made in Note 3(ii) with respect to the trade receivables due from a related party, included in the Group's trade receivables balance are debtors with a carrying amount of US\$64,891,000 (2015 : US\$67,021,000) which are past due from the credit period granted at the end of the reporting period. The Group has recognised US\$2,483,000 (2015 : US\$22,000) of impairment loss for certain of these balances as there has been a significant change in credit quality. The impairment loss is determined based on estimated irrecoverable amounts for the service rendered, determined reference to past default experience. The Group does not hold any collateral over these balances. The aging of receivables that are past due but not impaired are as follows:

	Group	
	31 March 2017 US\$'000	31 December 2015 US\$'000
31 to 60 days	1,012	7,638
61 to 90 days	284	6,337
91 to 120 days	19,893	22,442
More than 120 days	43,702	30,604
Total	64,891	67,021

The remaining amounts of US\$26,999,000 (2016 : US\$63,334,000) are not past due and not impaired and management considers receivables to be of good credit quality and therefore, can be recoverable.

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period. Management closely monitors the concentration of credit risk with customers as elaborated in Note 4(b)(iii) to the financial statements and believes that there are no further credit allowances required in excess of the allowance for doubtful debts.

Notes to Financial Statements

31 March 2017

8 OTHER RECEIVABLES

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Associate (Note 17)	35,920	3,387	27,022	3,368
Subsidiary corporations (Note 15)	–	–	300,195	268,404
Joint ventures (Note 16)	31,062	82,842	8,749	106
Related parties (Note 5)	22,475	45,792	191	86
Outside parties	5,205	5,366	111	118
Prepayments	30,282	25,411	22	11
Deposits	5,114	13,003	66	–
	130,058	175,801	336,356	272,093
Less: allowance for doubtful other receivables	(5,143)	–	(214,131)	–
	124,915	175,801	122,225	272,093

The amounts due from associate, joint ventures, certain subsidiary corporations and related parties are unsecured, interest-free and repayable on demand. Loans to subsidiary corporations of US\$2,726,000 (2015 : US\$92,884,000) are unsecured, interest bearing at Nil% (2015 : 7%) per annum and repayable on demand. As at 31 March 2017, the Group recognised an impairment loss of US\$1,115,000 (2015 : US\$Nil) in relation to receivables from a certain joint venture as management is of the view that these receivables are not recoverable in the foreseeable future. The Company also recognised an impairment loss of US\$214,131,000 (2015 : US\$Nil) in relation to receivables from certain subsidiaries following a significant change in the credit quality of these balances.

In addition to the disclosure made in Note 3(ii) with respect to the other receivables due from a related party, included in outside parties balance are debtors with a carrying amount of US\$2,987,000 (2015 : US\$1,992,000) which are past due for more than 1 month at the end of the reporting period. The remaining balance of US\$202,000 (2015 : US\$135,395,000) is not past due. The aging of other receivables that are past due but not impaired are as follows:

	Group	
	31 March 2017 US\$'000	31 December 2015 US\$'000
31 to 60 days	144	37
61 to 90 days	–	1,103
91 to 120 days	4	117
More than 120 days	2,839	735
Total	2,987	1,992

The credit period on these receivables is 30 days (2015 : 30 days) and management regularly reviews its other receivables for impairment, considering the creditworthiness and past collection history of each debtor.

Notes to Financial Statements

31 March 2017

9 INVENTORIES

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Consumables and spares	1,669	1,069

The cost of inventory recognised as an expense and included in "cost of sales" amounts to US\$2,461,000 (2015 : US\$2,094,000).

10 ASSETS CLASSIFIED AS HELD FOR SALE

The movement during the period/year was as follows:

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
At beginning of period/year	115,314	–
Reclassified (to) from property, plant and equipment (Note 14)	(94,362)	117,417
Disposal during the period/year	(20,952)	(2,103)
At end of period/year	–	115,314

Classes of property, plant and equipment held for sale at the end of the period/year are as follows:

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Asset A ⁽¹⁾	–	3,999
Asset B ⁽²⁾	–	111,121
Others	–	194
	–	115,314

⁽¹⁾ During the last quarter of the year ended 31 December 2015, the Group entered into an agreement for sale of a vessel to an external party for US\$3.99 million (the "Sale"). The completion of the Sale is conditional of physical delivery of the vessel that took place subsequent to 31 December 2015.

The sales proceeds from the above transactions were expected to approximate or exceed the carrying amount of the asset and accordingly, no impairment loss was recognised on these assets classified as held for sale as at 31 December 2015. The above asset was included in the Group's vessel chartering and brokerage segment for segment reporting purposes (Note 44).

As at 31 March 2017, the sale was completed and accordingly, ownership of the vessel was transferred subsequent to the Group entering into a non-cash settlement agreement with a third party. The consideration of US\$3.99 million was offset against payable owing to the third party.

⁽²⁾ On 15 December 2015, the Group announced that it intended to enter into a refinancing exercise that involved the settlement of the bulk of its bank loans in a wholly owned subsidiary corporation and sale of a fleet of existing vessels ("vessels") to its joint venture.

The sales proceeds from the above transactions were expected to approximate or exceed the carrying amount of the asset and accordingly, no impairment loss was recognised on these assets classified as held for sale as at 31 December 2015. The above assets were included in the Group's vessel chartering and brokerage segment for segment reporting purposes (Note 44).

As at 31 March 2017, the refinancing exercise was completed with certain modification to the original agreed terms and accordingly, ownership of 1 vessel was transferred and the remaining vessels were reclassified back to property, plant and equipment (Note 14).

Notes to Financial Statements

31 March 2017

11 CONSTRUCTION WORK-IN-PROGRESS

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000

Notes to Financial Statements

31 March 2017

12 AVAILABLE-FOR-SALE INVESTMENTS (CONT'D)

(a) Unquoted equity shares

The unquoted equity shares are stated at cost as it is not practicable to determine with sufficient reliability the fair value of the unquoted investments as there are no quoted market prices for the investments nor are there other methods to reasonably estimate the fair values. As at 31 March 2017, based on management's assessment of the recoverability of the investment, an impairment loss of US\$88,000 (2015 : US\$Nil) was recognised.

(b) Unquoted preference shares

In 2011, the Group acquired the assets and liabilities from an unrelated party, CSOTL Offshore Limited ("CSOTL"). In the transaction, the vessel owned by CSOTL was transferred to a related party, Resolute Offshore Pte Ltd ("ROPL"), in exchange for US\$155,000,000 of convertible bonds to be held by the Group. ROPL was subsequently disposed by its original shareholders to one of the Company's major shareholders, Swiber Holdings Limited. Pursuant to the change in shareholders, the convertible bonds were converted to cumulative preference shares issued by ROPL amounting to US\$155,000,000.

During the financial period, ROPL redeemed a total of US\$13,000,000 (2015 : US\$9,500,000) of cumulative preference shares from the Group with cash, resulting in a net balance of US\$77,200,000 (2015 : US\$90,200,000) as at the end of the reporting period.

The unquoted preference shares have been accounted for as an unquoted equity instrument in accordance with FRS 39 Financial Instruments: Recognition and Measurement. The terms and conditions of the unquoted cumulative preference shares are set out below:

- (i) Non-convertible;
- (ii) Non-voting;
- (iii) Dividend rate of 5.2% per annum payable semi-annually at the discretion of issuer. No dividend will be paid on the ordinary shares if payment is not made on the preference share dividends; and
- (iv) Right to redeem the preference shares lies with the issuer. Redemption amount comprises of the par value.

Notes to Financial Statements

31 March 2017

12 AVAILABLE-FOR-SALE INVESTMENTS (CONT'D)

The fair value of the unquoted preference shares has been determined using the adjusted net asset method. This involves deriving the fair value of the preference shares by reference to the fair value of its issuer's assets and liabilities. The following table gives information about significant unobservable input used for the period/year ended 31 March 2017 and 31 December 2015:

Significant unobservable input	Relationship of unobservable input to fair value
<p>Fair value of vessel held by the issuer.</p> <p>The fair value of the vessel is determined by reference to transacted prices for similar vessels, adjusted for comparability. The adjustments take into account management's experience and knowledge of the market for such vessels.</p> <p>As the adjustments constitute significant unobservable input, accordingly the entire measurement of the vessel is categorised as an unobservable Level 3 input.</p>	<p>The lower the market value of the vessel, the lower the fair value of the unquoted preference shares.</p>

As disclosed in Note 20, the Group triggered a technical default for a loan with a carrying amount of US\$31,729,000. The principal and interest remain outstanding as at 31 March 2017, including the additional interests and penalty payable due to the default; and is secured over the vessel held by the issuer of the preference shares.

During the financial period ended 31 March 2017, the Group recognised impairment loss of US\$45,471,000 (2015 : US\$Nil) on its unquoted preference shares subsequent to the completion of a review of fair value of its carrying amount of the asset consequent to the ultimate holding company of the issuer entering into judicial management in July 2016.

In view of the above developments, it is the intention of management to dispose the preference shares when appropriate. Accordingly, the preference shares have been presented as current assets as at 31 March 2017.

Reconciliation of fair value measurement of the unquoted preference shares:

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Opening balance	90,200	99,700
Redemptions during the period/year	(13,000)	(9,500)
Impairment recognised during the period/year	(45,471)	–
Closing balance	<u>31,729</u>	<u>90,200</u>

As the preference shares can be redeemed by the issuer based on the unpaid principal, the fair value of the unquoted preference shares is capped at the unpaid principal as at the end of each reporting period less any impairment losses.

There were no fair value gains or losses recognised in other comprehensive income, sales, purchases, or transfers out of Level 3 for the financial period/year ended 31 March 2017 and 31 December 2015.

Notes to Financial Statements

31 March 2017

13 INTANGIBLE ASSETS

	Group US\$'000
Cost:	
At 1 January 2015, 31 December 2015 and 31 March 2017	<u>3,232</u>
Accumulated amortisation:	
At 1 January 2015	–
Amortisation during the year	<u>1,077</u>
At 31 December 2015	1,077
Amortisation during the period	<u>538</u>
At 31 March 2017	<u>1,615</u>
Impairment recognised:	
During the period ended 31 March 2017	<u>1,617</u>
Carrying amount:	
At 31 March 2017	–
At 31 December 2015	<u>2,155</u>

The intangible assets included above have finite useful life over which the assets are amortised.

The amortisation period was three years and has been included in "administrative expenses" in profit or loss.

The average remaining amortisation period for these assets in 2017 was 1 year (2015 : 2 years).

For the financial period ended 31 March 2017, the Group recognised impairment loss of US\$1,617,000 (2015 : US\$Nil) in exceptional expenses in profit or loss from an assessment of the recoverability of the carrying amount of the asset after the customer group from which the value of the intangible asset was derived from, entered into judicial management in July 2016.

14 PROPERTY, PLANT AND EQUIPMENT (CONT'D)

Certain of the Group's property, plant and equipment with a total carrying amount of US\$364,531,000 (2015 : US\$111,483,000) were mortgaged to financial institutions for facilities granted. The carrying amount of the Group's property, plant and equipment includes an amount of US\$186,000 (2015 : US\$1,450,000) secured in respect of assets held under finance leases (Note 23). The leasehold building is located in Batam, Indonesia.

As at 31 March 2017, the Group recorded an impairment loss of US\$131,334,000 (2015 : US\$Nil) on the carrying amount of its property, plant and equipment (Note 35). This resulted from external market valuations that management obtained in 2017 on certain of its assets and completion of its right-sizing efforts as announced by the Group on January 2017. The external market valuations were based on comparison value of similar assets.

15 SUBSIDIARY CORPORATIONS

	Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000
Unquoted equity shares, at cost	29,517	32,009
Impairment loss recognised	(29,412)	–
Carrying amount as at period/year end	105	32,009

During the current financial period, impairment loss of US\$29,412,000 (2015 : US\$Nil), was recognised after management completed its assessment of the recoverable amount in these investments in the foreseeable future by comparing to the carrying amount of net assets in each subsidiary corporation which approximates the market value less cost to sell.

Details of the key subsidiary corporations are as follows:

Name of subsidiary corporation	Country of incorporation and operation	Proportion of ownership interest and voting power held		Principal activity
		2017 %	2015 %	
Resolute Pte. Ltd. ⁽¹⁾	Singapore	51	51	Investment holding

⁽²⁾ Audited by Nexia TS Public Accounting Corporation, Singapore.

⁽³⁾ Audited by PricewaterhouseCoopers, Kingdom of Saudi Arabia.

⁽⁴⁾ Reviewed by Deloitte & Touche LLP, Singapore for purposes of consolidation.

⁽⁵⁾ The Group increased its shareholdings from 99.99% to 100% in 2017. The effect of this change did not result in a change of control.

⁽⁶⁾ Acquired on 1 April 2016.

⁽⁷⁾ During the period, these entities were transferred from the Company to Vallianz International Pte. Ltd. The effect of this change did not result in a change of control.

⁽⁸⁾ The Group has acquired all of the economic benefits of Rawabi Vallianz Offshore Services Company Limited ("RVOS") with effect from 1 January 2014. Accordingly, the Group has consolidated the results of RVOS and there is no profit or loss allocated to non-controlling shareholders. The non-controlling interest remains at the same amount as the date of acquisition.

Reconciliation of the above summarised financial information to the carrying amount of the interest in PT Vallianz Offshore Maritim recognised in the consolidated financial statements:

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Net assets of the associate	11,140	17,067
Proportion of the Group's ownership interest in PT Vallianz Offshore Maritim	49%	49%
Goodwill	7,930	7,930
Impairment loss (Note 35)	(13,389)	–
Carrying amount of the Group's interest	<u>–</u>	<u>16,293</u>

The impairment of investment recognised on the associate company is the result of the Group completing its assessment of the recoverability of the investment by comparing to the carrying value of net assets of the associate which approximated market value less cost to sell.

Notes to Financial Statements

31 March 2017

18 GOODWILL

	Group	
	31 March 2017 US\$'000	31 December 2015 US\$'000
Balance at beginning of the period/year	9,171	9,171
Impairment recognised during the period/year	(9,171)	–
Balance at end of the period/year	–	9,171

Goodwill acquired in a business combination is allocated, at acquisition, to the cash generating units (“CGU”) that are expected to benefit from that business combination.

The carrying amount of goodwill arose solely from the acquisition of Offshore Engineering Resources Pte. Ltd. and its subsidiary corporations (“OER Group”), a single CGU in the vessel management and services segment.

The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

The recoverable amount of the CGU is determined based on value in use calculations. The key assumptions for the value in use calculations are those regarding the discount rates and growth rates during the period. Management estimates discount rates using pre-tax rates that reflect current market assessment of the time value of money and the risks specific to the CGU. The growth rates are based on industry growth forecasts. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market.

As at 31 March 2017, the Group completed its right-sizing initiatives and the cessation of business operations in relation to crew management services for OER Group during the financial period. Consequently, impairment loss of US\$9,171,000 (Note 35) (2015 : US\$Nil) was recognised.

In 2015, cash flow projections used in the value-in-use calculations were based on financial budgets approved by management covering a three-year period. Cash flows beyond the three-year period were extrapolated using an estimated growth rate of Nil% per annum. The growth rate does not exceed the long-term average growth rate in which the CGU operates. The rate used to discount the forecast cash flows was 13.5% per annum.

As at 31 December 2015, any reasonably possible change to the key assumptions applied is not likely to cause the recoverable amounts to be below the carrying amounts of the CGU.

Notes to Financial Statements

31 March 2017

19 DEFERRED TAX

	Group	
	31 March 2017 US\$'000	31 December 2015 US\$'000
Deferred tax assets	–	242
Deferred tax liabilities	(4,010)	(8,956)
	(4,010)	(8,714)

Deferred income tax assets were recognised for tax losses and capital allowances carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group has unrecognised tax losses of US\$9,046,000 (2015 : US\$4,417,000) at the end of the reporting period which can be carried forward and used to offset against future taxable income subject to meet certain statutory requirements by those companies with unrecognised tax losses and capital allowances in their respective countries of incorporation.

The movement in deferred tax (assets) and liabilities is as follows:

	Group			
	Others US\$'000	Accelerated tax depreciation US\$'000	Fair value adjustment US\$'000	Total US\$'000
At 1 January 2015	(262)	1,707	3,819	5,264
Charged (Credited)				
to profit or loss (Note 37)	3	4,143	(663)	3,483
Currency translation difference	17	(50)	–	(33)
At 31 December 2015	(242)	5,800	3,156	8,714
Charged (Credited)				
to profit or loss (Note 37)	242	(1,790)	(3,156)	(4,704)
At 31 March 2017	–	4,010	–	4,010

Temporary differences arising in connection with interests in associate and joint ventures are insignificant.

At the end of the reporting period, the aggregate amount of temporary differences associated with unremitted earnings of subsidiary corporations for which deferred tax liabilities have not been recognised is US\$33,918,000 (2015 : US\$25,275,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

31 March 2017

20 TERM LOANS

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Loans	340,629	265,691	4,823	–
Less: Amount due for settlement within 12 months (shown under current liabilities)	(64,903)	(127,798)	(4,823)	–
Amount due for settlement after 12 months	275,726	137,893	–	–
– Within 2 to 5 years	143,152	95,747	–	–
– After 5 years	132,574	42,146	–	–
Amount due for settlement after 12 months	275,726	137,893	–	–

In 2017 and 2015, the Group has various bank loans with repayment terms of up to August 2025.

The carrying amount of floating rate loans amounting to US\$332,586,000 (2015 : US\$256,484,000) approximates the fair value as the interest rates approximate the prevailing market rates. Management estimates the fair value of the Group's fixed rate borrowings with carrying amount of US\$8,043,000 (2015 : US\$9,208,000), by discounting their future cash flows at the market rate, to be US\$7,997,000 (2015 : US\$9,064,000). This fair value measurement is categorised as Level 2 within the fair value hierarchy.

The bank loans are secured by:

- (i) mortgage over the property, vessels and equipment of the Group (Note 14) and a vessel held by a related company of a major shareholder;
- (ii) assignment of marine insurances with respect to some of the vessels mentioned above;
- (iii) monies pledged (Note 6);
- (iv) assignment of earnings/charter proceeds in respect of certain vessels mentioned above;
- (v) corporate guarantees from the Company (Note 4(b) (iii)) and a major shareholder of the Group;
- (vi) the unquoted preference shares held by the Group (Note 12); and
- (vii) shares in subsidiaries incorporated in Singapore.

On 10 March 2017, the Group entered into a framework agreement (the "Agreement") with certain lenders, (the "Lenders") to refinance some of its existing borrowings of approximately US\$163,200,000. Pursuant to the Agreement, the profile of the borrowings with the lenders was restructured to a repayment term of approximately 8.2 years from an average of 5.8 years previously and the maturity of these borrowings were extended to December 2022. Accordingly, such borrowings were reclassified from current liabilities to non-current liabilities as at the end of the reporting period.

As at 31 March 2017, a non-repayment of the instalment payment of US\$31,729,000 by a subsidiary corporation triggered a technical default of its loan arrangement. The loan is also secured by the mortgage of a vessel held by a related company of a major shareholder. Accordingly, the amount has been presented as current liabilities on the consolidated statement of financial position as at period end.

During the year, the Company entered into an agreement to convert its obligation under a cross currency swap into a short-term loan. The loan is secured by certain assets of a wholly-owned subsidiary and has an effective interest rate of 2.28% per annum.

21 TRADE PAYABLES

	Group	
	31 March 2017 US\$'000	31 December 2015 US\$'000
Associate (Note 17)	10,759	257
Related parties (Note 5)	3,653	1,921
Deferred income	8,008	–
Outside parties	40,067	31,817
	62,487	33,995

The average credit period on trade payables was 30 days (2015 : 30 days) and no interest is charged on the balances.

22 OTHER PAYABLES

	Group		Company	
	31 March 2017 US\$'000	31 December 2015 US\$'000	31 March 2017 US\$'000	31 December 2015 US\$'000
Subsidiary corporations (Note 15)	–	–	106,461	19,362
Related parties (Note 5)	50,036	40,764	30,561	336
Joint venture (Note 16)	–	11,510	–	–
Contingent consideration (Note A)	–	3,976	–	3,976
Accruals	77,191	18,995	933	2,150
Associate (Note 17)	–	9	250	–
Outside parties	9,695	4,532	1,292	305
	136,922	79,786	139,497	26,129

In 2015, US\$2,119,000 due to an outside party which bore interest at 5%. The remaining other payables are unsecured, interest-free and repayable on demand. No balance as at 31 March 2017 bears interest. The average credit period on other payables is 30 days (2015 : 30 days).

Note A: On the acquisition of Offshore Engineering Resources Pte. Ltd. and its subsidiary corporations (OER Group) in 2014, the Group recognised a contingent consideration payable that will be settled by issuance of a variable number of shares of the Company with acquisition-date fair values of US\$9,010,000 in the financial year ended 31 December 2014. As at 31 December 2015, management remeasured the fair value of the contingent consideration to be US\$3,976,000 and a gain of US\$4,153,000 was recognised in the financial statements after accounting for exchange differences of US\$571,000.

The fair value of the contingent consideration was measured using Level 1 of the fair value hierarchy with key inputs based on quoted share prices in an active market.

The contingent consideration was settled via the issuance of equity (Note 26) to the seller during the current financial period and therefore, no amount is recognised by the Group as at 31 March 2017.

Notes to Financial Statements

31 March 2017

23 FINANCE LEASE PAYABLES

	Group			
	Minimum lease payments		Present value of minimum lease payments	
	31 March 2017	31 December 2015	31 March 2017	31 December 2015
	US\$'000	US\$'000	US\$'000	US\$'000
Amounts payable under finance leases:				
Within one year	189	815	189	774
In the second to fifth years inclusive	–	897	–	876
	189	1,712	189	1,650
Less: future finance charges	(3)	(62)	(3)	N/A
Present value of lease obligations	186	1,650	186	1,650
Less: Amount due for settlement within 12 months (shown under current liabilities)			(186)	(774)
Amount due for settlement after 12 months			–	876

It is the Group's policy to lease certain of its property, plant and equipment under finance leases. The lease agreements do not have renewal clauses but provide the Group with options to purchase the leased assets at nominal values at the end of lease terms.

The lease term approximates 1 year (2015 : 1 to 3 years). The average effective borrowing rate is 1.40% (2015 : 2.33%) per annum. Interest rates are fixed at the contract date, and thus expose the Group to fair value interest rate risk. All leases are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments.

The Group's obligations under finance leases are secured by the lessors' title to the leased assets.

24 NOTES PAYABLE

On 20 March 2014, the Group established a Multicurrency Debt Issuance Programme to issue up to S\$500 million fixed or floating rate notes. As at 31 December 2015, the Company had two series of notes with principal of S\$100 million at 7.20 % per annum, payable semi-annually in arrears that matured in April 2016 and principal of S\$60 million 7.25% per annum, payable semi-annually in arrears that matured in November 2016.

The notes payable was fully repaid upon their maturity in April 2016 and November 2016 respectively. As at 31 March 2017, the related cross-currency swaps (Note 25) matured following the full repayment of the notes payable.

The fair value of notes payable as at 31 December 2015 was US\$109,731,000. The notes were denominated in Singapore dollar. The fair value of the notes payable was measured using Level 1 of the fair value hierarchy with key inputs based on quoted bid prices in an active market.

Notes to Financial Statements

31 March 2017

25 DERIVATIVE FINANCIAL INSTRUMENTS

Cross currency swap – Liability of US\$Nil (2015 : US\$15,967,000)

In 2014, the Company entered into two cross currency swaps, for the purpose of hedging the foreign currency risk on the Notes Payable (Note 24) which were denominated in Singapore dollars as the Group's cash flows are mainly denominated in United States dollars. The swaps were designed to address the significant exchange exposures based on the maturity of the notes payable as disclosed in Note 24.

The cross currency swap was being used to hedge the foreign currency risk of the firm commitment. Cross currency swap is a contractual agreement to exchange the currencies of two different countries at a specified rate of exchange in the future.

The Group documented all relationships between the hedging instruments and the hedged items, as well as its risk-management objectives and strategies for undertaking various hedge transactions. The Group linked all hedges that were designated as cash flow hedges to forecasted transactions. The Group also assessed, both at the inception of the hedge and on an ongoing basis, whether the derivatives that were used in hedging transactions were highly effective in offsetting changes in cash flows of hedged items. When it was determined that a derivative was not highly effective as a hedge, the Group discontinued hedge accounting on a prospective basis.

The total notional amount of outstanding cross currency swaps to which the Group was committed to sell was US\$127,714,000 for S\$160,000,000 at a future date.

The fair value loss of the cross currency swap that are designated and effective as cash flow hedges amounted to US\$Nil (2015 : US\$7,772,000) and was deferred in hedging reserve. The amount reclassified to profit or loss from hedging reserve is US\$5,066,000 (2015 : US\$7,968,000) (Note 29) following the full repayment of the notes payable (Note 24) during the financial period.

Interest rate swap – Asset of US\$1,295,000 (2015 : US\$295,000)

The Group also engaged in interest rate swaps to manage its exposure to varying interest rates. However, as the fair values of these swaps are not material to these financial statements, no further disclosures are made.

Notes to Financial Statements

Issued and paid up:				
At the beginning of the period/year	3,345,012	3,183,512	185,338	185,276
Issuance of settlement shares to certain trade creditors	380,589	–	5,369	–
Issuance of new shares	350,000	–	4,929	–
Performance shares awarded (Note 30)	51,666	1,500	1,847	62
Issuance of consideration shares for the acquisition of OER Group in 2014	125,000	160,000	4,255	–
Issuance of consideration shares for acquisition of vessels	70,533	–	2,180	–
At the end of period/year	4,322,800	3,345,012	203,918	185,338

Fully paid ordinary shares, which have no par value, carry one vote per share and a right to dividends as and when declared by the Company.

27 PERPETUAL CAPITAL SECURITIES

In 2014, the Company issued perpetual capital securities of an aggregate amount of US\$57,700,000 of which US\$35,200,000 redeemable convertible capital securities were converted to ordinary shares by a holder of the securities within the same year. The remaining perpetual capital securities are non-convertible to ordinary shares of the Company and non-redeemable by the holder who is a related party to the Group.

Holders of the US\$22,500,000 of perpetual capital securities are conferred a right to receive distribution, which are declared at the Company's discretion, on a semi-annual basis from their issue date at the rate of 4.0% per annum, subject to a step-up rate of 7% from 30 December 2017.

The perpetual capital securities have no fixed maturity and are redeemable in whole, or in part, at the Company's option on or after 30 December 2017 at their principal amount together with any accrued, unpaid or deferred distributions. While any distributions are unpaid or deferred, the Company, will not declare, pay dividends or make similar periodic payments in respects of, or repurchase, redeem or otherwise acquire any securities of lower rank.

Notes to Financial Statements

31 March 2017

28 FOREIGN CURRENCY TRANSLATION RESERVE

Exchange differences relating to the translation from the functional currencies of the Group's subsidiary corporations into United States dollars are brought to account by recognising those exchange differences in other comprehensive income and accumulating them in a separate component of equity under the header of foreign currency translation reserve.

Movement in translation reserve is as follows:

	Group	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Beginning of the period/year	1,440	268
Net currency translation differences of financial statements of foreign subsidiary corporations	(395)	1,172
At end of the period/year	1,045	1,440

29 HEDGING RESERVE

The hedging reserve represents hedging gains and losses recognised on the effective portion of cash flow hedges. The cumulative deferred gain or loss on the hedge recognised in other comprehensive income and accumulated in hedging reserves is reclassified to profit or loss when the hedged transaction impacts the profit or loss.

Movement in hedging reserve is as follows:

	Group and Company	
	31 March 2017	31 December 2015
	US\$'000	US\$'000
Beginning of the period/year	1,945	2,141
Changes during the period/year in other comprehensive income	3,121	7,772
Reclassification to profit or loss on cash flow hedge	(5,066)	(7,968)
At end of the period/year	–	1,945

As at 31 March 2017, following the full payment of the notes payable (Note 24), the relevant cross currency swaps were also extinguished (Note 25). Accordingly, the resultant balance of hedging reserve is US\$Nil.

Notes to Financial Statements

31 March 2017

30 SHARE OPTIONS RESERVE

The share options reserve arises on the grant of share options and share awards to directors and employees under the following share-based payment arrangements:

Equity-settled share option scheme

The Company has a share option scheme for all employees of the Company. The scheme is administered by the Remuneration Committee.

Options are exercisable at a price based on the average of the last dealt prices for the shares of the Company on the Singapore Exchange Securities Trading Limited for the three consecutive trading days preceding the date of grant. A one year vesting period is typically required commencing from the first date of grant if offer price is not at a discount; a two years vesting period is required if the offer price is at a discount. The options shall be exercised before the tenth anniversary of the date of grant, or such earlier date as may be determined by the Committee. The unvested options shall lapse upon the employee ceasing to be employed by the Company or its subsidiary corporations.

Details of the share options outstanding during the period/year are as follows:

	Group and Company			
	Number of share options		Weighted average exercise price	
	31 March 2017	31 December 2015	31 March 2017 S\$	31 December 2015 S\$
Outstanding at the beginning of the period/year	29,000,000	29,000,000	0.116	0.116
Cancelled during the period/year	(25,000,000)	–	0.116	0.116
Outstanding at the end of the period/year	4,000,000	29,000,000	0.053	0.116
Exercisable at the end of the period/year	4,000,000	29,000,000	0.053	0.116

On 14 May 2013, options to subscribe for 9,000,000 ordinary shares of the Company at an exercise price of S\$0.053 per ordinary share were granted pursuant to the scheme. The options have a one year vesting period and are exercisable from 14 May 2014 and will expire on 13 May 2018.

The estimated fair value of the option granted on 14 May 2013 and 7 May 2014, determined using the Black-Scholes pricing model, was US\$0.015 and US\$0.089 respectively per option. The significant inputs in the model were as follows:

	2014	2013
Weighted average share price	S\$0.144	S\$0.052
Weighted average exercise price	S\$0.145	S\$0.053
Expected volatility	59.56%	69.67%
Expected life	9 years	2 years
Risk-free rate	0.25%	0.25%

A total of 25,000,000 share options at an exercise price of S\$0.053 per ordinary share, granted on 14 May 2013 and 7 May 2014, were cancelled due to the cessation of Raymond Goh as Non-Executive Director and Chairman of the Board of Directors on 27 July 2016. The reversal of US\$1,496,000 (2015 : US\$ Nil) of share option reserve was recognised in the profit or loss in the current period (Note 34).

Notes to Financial Statements

31 March 2017

30 SHARE OPTIONS RESERVE (CONT'D)

Expected volatility for both financial years was determined by reference to the historical volatility of the Company's share price over the past two years.

The Group and Company recognised total expenses of US\$Nil (2015 : US\$493,000) related to the equity-settled share option scheme during the year.

The options outstanding at the end of the financial period have a remaining contractual life of 1.13 years (2015 : 2.5 to 8.5 years) and have exercise price of US\$0.053 (2015 : ranging from US\$0.053 to US\$0.145).

No options were granted or exercised in 2017 and in 2015.

Share awards

Share awards may be granted to directors and employees of the Group under the Vallianz Performance Share Plan.

The movement of the share awards is as follows:

Date of grant	Balance at 1 January 2016	Granted	Vested	Balance at 31 March 2017
14 May 2013	1,166,666	–	(1,166,666)	–
6 July 2015	50,500,000	–	(50,500,000)	–
14 November 2016	–	75,000,000	–	75,000,000

On 6 July 2015, 51,500,000 ordinary shares of the Company were granted pursuant to the plan. These share awards vested on 6 July 2016. On 14 November 2016, 75,000,000 ordinary shares of the Company were granted pursuant to the plan. These share awards have one year vesting period and will vest on 13 November 2017.

The fair value of these share awards was determined based on the share price of S\$0.019 (2015 : S\$0.048) at the grant date.

The Group and Company recognised total expenses of US\$1,303,000 (2015 : US\$904,000) related to the equity-settled share plan during the period.

31 SHAREHOLDER'S ADVANCES

Pursuant to the loan agreement, the Company is entitled to elect repayment of the loan via issuance of equity share in the Company.

On 24 May 2017, the Group entered into a set-off and settlement agreement ("RHCL SOSA") with the shareholder which stipulated the key terms and the loan agreement was superseded (Note 47(b)).

Notes to Financial Statements

31 March 2017

32 PREFERENCE SHARES

The Group's subsidiary corporation, RI Capital Holdings Pte. Ltd. ("RICH") issued preference shares of an aggregate amount of US\$10,000,000 which are convertible to ordinary shares of the Company. The preference shares have been stated net of transaction costs of US\$526,000. The net amount of US\$9,474,000 has been included as part of non-controlling interests in the consolidated statement of financial position.

The holders of the preference shares are entitled to receive a cumulative preference dividends that is to be declared at RICH's discretion, at the rate of 4% per annum, subject to a step-up rate of 3% per annum after 4 years from the date of disbursement.

The preference shares have no fixed maturity and are redeemable in whole, or in part, at RICH's option on or after 4 years after the Issue Date at their principal amount together with any accrued, unpaid or deferred distributions. While any distributions are unpaid or deferred, RICH, will not declare, pay dividends or make similar periodic payments in respect of, or repurchase, redeem or otherwise acquire any securities of lower rank.

As at 31 March 2017, the preference shares have been fully redeemed by the Group.

33 REVENUE

36 FINANCE COSTS

These comprise interest on loans and interest on obligations under finance leases paid to outside parties. In 2015, the amount comprises interest on notes payable (Note 24) in addition to interest on loans and interest on obligations under finance leases.

37 INCOME TAX

	Group	
	1 January 2016 to 31 March 2017 US\$'000	1 January 2015 to 31 December 2015 US\$'000
Current income tax		
– charge to profit or loss	1,134	1,399
– underprovision in prior years	1,257	514
Deferred income tax		
– (credit to) charge to profit or loss	(3,642)	3,373
– (over) underprovision in prior years	(1,062)	110
Total	(2,313)	5,396

Domestic income tax is calculated at 17% (2015 : 17%) of the estimated assessable profit for the period/year. Taxation for other jurisdictions is calculated at the rates prevailing in the relevant jurisdictions. Three of its Singapore subsidiary corporations earned shipping income from the charter of ships and are exempted from tax under Section 13A of the Singapore Income Tax Act.

Notes to Financial Statements

31 March 2017

37 INCOME TAX (CONT'D)

The total charge for the period/year can be reconciled to the accounting (loss) profit as follows:

	Group	
	1 January 2016 to 31 March 2017	1 January 2015 to 31 December 2015
	US\$'000	US\$'000
(Loss) Profit before tax	(194,846)	25,508
Income tax expense calculated at 17% (2015 : 17%)	(33,124)	4,336
Effect of expenses that are not deductible	42,020	4,920
Effect of income that are not subjected to tax	(6,036)	(4,670)
Effect of different tax rates of subsidiary corporations operating in other jurisdictions	(5,072)	161
Tax losses not carried forward	74	559
Underprovision of income tax in prior year	1,257	514
(Over)Underprovision of deferred tax in prior year	(1,062)	110
Utilisation of deferred tax asset previously not recognised	(392)	(399)
Deferred tax benefit not recognised	787	–
Others	(765)	(135)
Total	(2,313)	5,396

Subject to agreement with the relevant tax authorities, the Group has estimated tax loss carry forwards which are available for offsetting against future taxable income as follows:

	Group	
	1 January 2016 to 31 March 2017	1 January 2015 to 31 December 2015
	US\$'000	US\$'000
Amount at beginning of period/year	4,417	7,375
Adjustment during the period/year	–	(2,958)
Arising during current period/year	4,629	–
	9,046	4,417
Deferred tax benefit on above not recorded	1,538	751

No deferred tax asset has been recognised on the above due to the unpredictability of future profit streams.

Notes to Financial Statements

39 (LOSS) EARNINGS PER SHARE

	Group	
	1 January 2016 to 31 March 2017	1 January 2015 to 31 December 2015
	US\$'000	US\$'000
<hr/>		
<u>Earnings</u>		
(Loss) Profit for the period/year attributable to owners of the Company	(158,247)	18,554
<hr/>		
<u>Number of shares ('000)</u>		
Weighted average number of ordinary shares for the purposes of basic earnings per share	3,613,477	3,344,466
Effect of dilutive potential ordinary shares: Share options and awards	–	348,058
<hr/>		
Weighted average number of ordinary shares for the purposes of diluted earnings per share	3,613,477	3,692,524
<hr/>		
	31 March 2017	31 December 2015
	US cents	US cents
<hr/>		
Basic (loss) earnings per share	(4.38)	0.55
Diluted (loss) earnings per share ⁽¹⁾	(4.38)	0.50

⁽¹⁾ The diluted loss per share for 2017 is the same as the basic loss per share because the effect of the share options, share awards and potential conversion of shareholder's advance to equity is anti-dilutive.

40 DIVIDENDS

In 2017, the Company paid one-tier, tax exempt financial dividends of 0.05 US cents (2015 : 0.05 US cents) per share totalling US\$1,800,000 (2015 : US\$1,672,000) in respect of the year ended 31 December 2015. No dividend is proposed for the financial period ended 31 March 2017.

Notes to Financial Statements

31 March 2017

41 ACQUISITION OF SUBSIDIARY CORPORATIONS

In April 2016, Group acquired from a third party for 75,000 ordinary shares of Holmen Heavylift Offshore Pte Ltd, representing 75% of its issued and paid-up share capital (the "Acquisition") for a purchase consideration of US\$6,000,000 to be paid in cash. The Group acquired Holmen primarily to strengthen and value add its core business strategically. The Acquisition has been accounted for by the acquisition method of accounting.

Acquisition-related costs are immaterial compared to the consideration transferred.

Fair value of assets acquired and liabilities assumed from the subsidiary corporations at the date of acquisition:

	US\$'000
<u>Current assets</u>	
Cash and cash equivalents	13,274
Trade and other receivables	28,086
<u>Non-current assets</u>	
Property, plant and equipment	139,364
<u>Current liabilities</u>	
Term loans	(24,594)
Trade and other payables	(62,402)
<u>Non-current liabilities</u>	
Term loans	(85,332)
Net assets acquired and liabilities assumed	<u>8,396</u>

The non-controlling interest (25%) in Holmen Group recognised at acquisition date by reference to the net asset of the non-controlling interest amounted to US\$2,099,000.

Net cash inflow on acquisition of subsidiary corporations

	US\$'000
Consideration paid in cash	6,000
Less: Cash and cash equivalent balances acquired	<u>(13,274)</u>
	<u>(7,274)</u>

Impact of acquisition on the results of the Group in the current financial period

Revenue and loss for the period from the Acquisition amounted to US\$31,234,000 and US\$53,035,000 respectively. Had the Acquisition been effected at 1 January 2016, the revenue and loss for the Group would have been US\$255,636,000 and US\$205,792,000 respectively.

Notes to Financial Statements

42 OPERATING LEASE ARRANGEMENTS

The Group as lessee

	1 January 2016 to 31 March 2017	1 January 2015 to 31 December 2015
	US\$'000	US\$'000

Minimum lease payments under operating leases
recognised as an expense during the period/year

17,097	11,610
---------------	--------

At the end of the reporting period, the Group has outstanding commitments under non-cancellable operating leases, which fall due as follows:

	31 March 2017	31 December 2015
	US\$'000	US\$'000
Within 1 year	37,989	11,797
After 1 year but within 5 years	139,401	86,954
	177,390	98,751

Operating lease payments represent rentals payable by the Group for vessels. Leases are negotiated for an average term of five years (2015 : five years) and charter rates are fixed throughout the duration of the lease.

The Group as lessor

The Group hires out its vessels under operating leases. Charter hire income of US\$193,121,000 (2015 : US\$141,112,000) was earned.

At the end of the reporting period, the Group has contracted with charterers for the following future minimum lease receivable:

	31 March 2017	Group 31 December 2015
	US\$'000	US\$'000
Future minimum lease receivable:		
Within 1 year	172,950	110,487
After 1 year but within 5 years	473,708	143,741
	646,658	254,228

Operating lease receivables represent charter hire income receivable by the Group. Leases were negotiated for an average term of one to five years.

43 COMMITMENTS

As at 31 March 2017, the Group has capital commitments amounting to US\$198,219,000 (2015 : US\$270,031,000) for the acquisition of plant and equipment.

Details of the Company's commitments for guarantees provided for the subsidiary corporations and associate has been included in Note 4(b) (iii) under credit risk management.

Notes to Financial Statements

31 March 2017

44 SEGMENT INFORMATION

The Group's chief operating decision maker has been identified as the executive director of the Group, who reviews the consolidated results prepared in the following reportable segments when making decisions about allocating resources and assessing performance of the Group:

- (i) Vessel chartering and brokerage: chartering of owned vessels and brokering of vessels;
- (ii) Vessel management services: provision of crew, consultancy and logistics, marine yard services and construction services; and
- (iii) Investment holding: holding available-for-sale investments for long-term purposes.

For the purposes of monitoring segment performance and allocating resources between segments, the chief operating decision maker monitors the tangible and financial assets attributable to each segment based on the types of revenue it generates. All assets and liabilities are allocated to reportable segments, except for income tax payable, deferred tax assets and deferred tax liabilities.

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 2.

Since the last quarter of this current financial period, the Group has been streamlining its operations to focus its resources on its core vessel chartering business. Whilst the Group continues to disclose its reportable segments into vessel chartering and brokerage, vessel management services and investment holding for the financial period ended 31 March 2017, management is of the view that there will be a possibility that an amalgamation of certain segmental results may occur in the foreseeable future as a result of the Group's conscientious effort to mitigate the risks of the challenges in the industry.

Information regarding the operations of each reportable segment is included below.

	Vessel chartering and brokerage		Vessel management services		Investment holding		Total

Notes to Financial Statements

31 March 2017

44 SEGMENT INFORMATION (CONT'D)

There is no intersegment elimination as disclosed above as the Group does not transact between the segments.

Geographical information

The directors of the Company consider that the nature of the Group's business where it operates across international waters precludes a meaningful allocation of revenue and non-current assets as defined under FRS 108 Operating Segments. The revenue is derived from non-current assets primarily used in geographical markets for vessel chartering and brokerage and management services throughout the world.

Major customer information

During the financial period, the Group derived charter hire and brokerage and vessel management income amounting to approximately US\$154,613,000 (2015 : US\$102,317,000) from a third party and US\$47,791,000 (2015 : US\$75,458,000) from related companies of a major shareholder.

45 LEGAL PROCEEDINGS

(i) Litigation in Mumbai, India

During the financial period ended 31 March 2017, 2 wholly owned subsidiaries of the Company, have been notified by Indian solicitors appointed by one Kishore Khanna and 2 other individuals (collectively, the "Plaintiffs") of a suit commenced against Swiber Offshore (India) Pte Ltd ("SOI"), Oil and Natural Gas Corporation ("ONGC") as well as two of the Company's wholly-owned subsidiaries, Offshore Engineering Resources Pte Ltd ("OER") and Vallianz Offshore Marine Pte Ltd ("VOM") in the Mumbai High Court. The Company was notified of the suit by way of emails containing what appears to be draft court papers which were unsigned and unsealed by the Indian courts. The suit appears to be in relation to a project between SOI and ONGC, and to which SOI had engaged VOM and OER for the provision of certain services.

Based on the filed court papers, the Plaintiffs appear to be partners of a claimant, Ocean Marine International ("OMI"), who was also a service provider used for the supply of certain provisions in relation to the project between SOI and ONGC.

The Plaintiffs have brought the suit on behalf of OMI for the following claims, amongst others:

- (a) payment of unpaid invoices from SOI, VOM and OER, totalling a sum of approximately US\$1.6 million;
- (b) an injunction against SOI, VOM and OER to prevent the repatriation of their respective income and monies out of India pending resolution of the suit;
- (c) an anti-suit injunction against SOI, VOM and OER to prevent them from filing a claim against the Plaintiffs in any other jurisdiction pending resolution of the suit; and
- (d) for ONGC to pay into the Mumbai High Court monies that it is contractually obliged to pay to SOI.

VOM and OER have since taken steps to appoint Indian lawyers to represent them in the suit, and to ensure that VOM and OER are properly served with the filed court papers. VOM and OER are of the view that these claims should be made against SOI and not against VOM and OER as none of the unpaid invoices upon which the claims arise are addressed to VOM or OER.

VOM and OER have also been notified by their Indian lawyers that this suit is collectively being heard with several other suits in the Mumbai Court, in which SOI is a named defendant. This has been done as all the plaintiffs in these suits are seeking for a common relief i.e., for ONGC to pay into the Mumbai High Court monies it is contractually obliged to pay to SOI.

Notes to Financial Statements

31 March 2017

45 LEGAL PROCEEDINGS (CONT'D)

(ii) *Litigation in Batam, Indonesia*

The Company had been notified that VOM and Holmen Arctic Pte Ltd ("Holmen"), an indirect subsidiary of the Company, have been named as defendants alongside Swiber Offshore Construction Pte. Ltd. ("SOC") and Newcruz Offshore Marine Pte Ltd ("NOM") to a suit commenced by PT. ASL Shipyard Indonesia (the "Claimant").

Under the suit, the Claimant has brought claims for amongst others:

- (a) payment by VOM, Holmen, SOC and NOM of unpaid invoices issued pursuant to certain purchase orders totalling a sum of approximately S\$1.9 million; and
- (b) other interests, fees and damages totalling a sum of approximately S\$6.8 million.

The claims appear to be in relation to the maintenance and repair works provided to the vessel "Holmen Arctic", which Holmen (as the registered owner of the vessel) had chartered to SOC.

VOM and Holmen are of the opinion that the aforementioned claims should be made against SOC and/or NOM only and not to VOM and Holmen as the purchase orders under which the unpaid invoices arose were issued by SOC. VOM and Holmen have taken steps to appoint Indonesian lawyers to provide advice on the said claims.

The Group continues to work closely with their lawyers to take all necessary action to defend the aforementioned suits as well as safeguard the interests of the Group. As at 31 March 2017, no contingent liabilities have been recorded as management is of the opinion that the unfavourable outcome of the claims by the claimants against the Group is not probable.

46 COMPARATIVE FIGURES

On 6 September 2016, the Company changed its financial year end from 31 December to 31 March. Accordingly, the current financial period covers the 15 months from 1 January 2016 to 31 March 2017 and the financial year ended 31 December 2015 covers the 12 months from 1 January 2015 to 31 December 2015.

47 SUBSEQUENT EVENTS

On 24 May 2017, the Group announced that it has entered the following arrangements with the intention of restructuring net payables and shareholder's advances of up to US\$138.7million:

- (a) A set-off and settlement agreement with Swiber Holdings Limited ("SHL") and Swiber Offshore Construction Pte. Ltd. ("SOC") (Judicial Managers Appointed) ("SHL SOSA") in relation to SHL's participation in the Rights cum Warrants Issue as well as the set-off and settlement of amounts owing as between the SHL Group and the VHL Group, on and subject to the terms and conditions of the SHL SOSA for net amount of US\$36,566,316 owing by the VHL Group (including associate) to SHL, its subsidiaries and associates, including US\$29,393,692 owing by the Company to SHL; and
- (b) In addition to Note 47(a) above, a separate set-off and settlement agreement with RHCL (the "RHCL SOSA") in relation to RHCL's participation in the Rights cum Warrants Issue as well as the set-off and settlement of US\$102,087,467 (the "Shareholder's Advances") owing by the Company to RHCL, on and subject to the terms and conditions of the RHCL SOSA (which supersedes the Irrevocable Undertaking (as referred to in the Circular dated 29 September 2016 (the "Circular"), the supplemental agreement thereto dated 23 January 2017 as announced by the Company on 24 January 2017 and the Set-Off and Settlement Agreement (as referred to in the Circular).

PERCENTAGE OF SHAREHOLDINGS IN PUBLIC'S HANDS

Based on information available to the Company as at 1 June 2017, 54.23% of the issued ordinary shares of the Company are held in the hands of the public. Accordingly, the Company has complied with the Rule 723 of the Listing Manual Section B: Rules of Catalist of the SGX-ST.

Notice of Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting (“AGM”) of the Company will be held at 12 International Business Park, #03-02 Swiber@IBP, Singapore 609920 on Friday, 7 July 2017 at 2.00 p.m. to transact the following business:-

AS ORDINARY BUSINESS

1. To receive and adopt the Audited Financial Statements of the Company for the financial period ended 31 March 2017 and the Directors’ Statement and the Independent Auditor’s Report thereon. **(Resolution 1)**
2. To note the retirement of Mr. Wong Leong Jeam, who is retiring as a director of the Company pursuant to Article 105 of the Company’s Articles of Association.

See Explanatory Note (a)
3. To approve Directors’ fees of US\$148,000 for the financial year ending 31 March 2018. **(Resolution 2)**
4. To re-appoint Messrs Deloitte & Touche LLP as Auditors of the Company to hold office until the conclusion of the next AGM of the Company, and to authorise the Directors to fix the remuneration of Messrs Deloitte & Touche LLP. **(Resolution 3)**
5. To transact any other ordinary business which may be properly transacted at an AGM.

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following Ordinary Resolutions with or without modifications:-

6. **Authority to allot and issue shares (the “Share Issue Mandate”)**

“That pursuant to Section 161 of the Companies Act, Cap. 50 and Rule 806(2) of the Rules of Catalist, approval be and is hereby given to the Directors of the Company at any time to such persons and upon such terms and for such purposes as the Directors may in their absolute discretion deem fit, to allot and issue:

- (i) shares in the capital of the Company whether by way of bonus, rights or otherwise; or
- (ii) convertible securities; or
- (iii) additional convertible securities arising from adjustments made to the number of convertible securities previously issued in the event of rights, bonus or otherwise; or
- (iv) shares arising from the conversion of convertible securities in (ii) and (iii) above,

Notice of Annual General Meeting

provided always that the aggregate number of shares and convertible securities to be issued pursuant to this Resolution does not exceed one hundred percent (100%) of the total number of issued shares excluding treasury shares and subsidiary holdings or such other limit as may be prescribed by the SGX-ST as at the date of this Resolution, of which the aggregate number of shares and convertible securities in the Company to be issued other than on a pro rata basis to the then existing shareholders of the Company shall not exceed fifty percent (50%) of the total number of issued shares excluding treasury shares and subsidiary holdings or such other limit as may be prescribed by the SGX-ST as at the date of this Resolution, and unless revoked or varied by the Company in a general meeting, such authority shall continue in full force until the conclusion of the next AGM or such date by which the next AGM is required by law to be held, whichever is earlier. For the purposes of this Resolution and Rule 806(3) of the Rules of Catalist, the percentage of the total number of issued shares and excluding treasury shares and subsidiary holdings at the date of this Resolution after adjusting for:

- (a) new shares arising from the conversion or exercise of convertible securities;
- (b) new shares arising from the exercising share options outstanding or subsisting at the time of passing this Resolution, provided the options were granted in compliance with the Rules of Catalist; and
- (c) any subsequent bonus issue, consolidation or subdivision of shares.”

See *Explanatory Note (b)*

(Resolution 4)

7. **Proposed Renewal of the Share Buyback Mandate**

“That:

- (1) for the purposes of the Rules of Catalist and the Companies Act, the Directors be and are hereby authorised to exercise all the powers of the Company to purchase or otherwise acquire the issued ordinary shares in the capital of the Company not exceeding in aggregate the Maximum Limit (as defined below), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as defined below), whether by way of:
 - (a) market purchase(s) (each a “**Market Purchase**”) on the SGX-ST; and/or
 - (b) off-market purchase(s) (each an “**Off-Market Purchase**”) in accordance with any equal access scheme(s) as may be determined or formulated by the Directors as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act;

and otherwise in accordance with all other laws and regulations, including but not limited to, the provisions of the Companies Act and the Rules of Catalist as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the “**Share Buyback Mandate**”);

Notice of Annual General Meeting

- (2) unless varied or revoked by the members of the Company in a general meeting, the authority conferred on the Directors pursuant to the Share Buyback Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earlier of:
- (a) the date on which the next AGM is held or required by law to be held;
 - (b) the date on which the purchases or acquisitions of shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or
 - (c) the date on which the authority contained in the Share Buyback Mandate is varied or revoked.
- (3) in this Resolution:

"Maximum Limit" means that number of issued shares representing ten per cent. (10%) of the total number of issued shares as at the date of the passing of this Resolution, unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which event the total number of shares shall be taken to be the total number of issued shares as altered (excluding any treasury shares and subsidiary holdings that may be held by the Company from time to time). Any shares which are held as treasury shares will be disregarded for purposes of computing the ten per cent. (10%) limit;

"Relevant Period" means the period commencing from the date on which the last AGM was held and expiring on the date the next AGM is held or is required by law to be held, whichever is the earlier, after the date of this Resolution; and

"Maximum Price", in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) which shall not exceed:

- (a) in the case of a Market Purchase, one hundred and five per cent. (105%) of the Average Closing Price; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, one hundred and twenty per cent. (120%) of the Average Closing Price,

where:

"Average Closing Price" means the average of the closing market prices of the shares over the last five (5) Market Days, on which transactions in the shares were recorded, before the day on which the purchase or acquisition of shares was made, or as the case may be, the day of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5) Market Days period;

"day of the making of the offer" means the day on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

Notice of Annual General Meeting

- (4) the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider necessary, expedient, incidental or in the interests of the Company to give effect to the transactions contemplated and/or authorised by this Resolution.”

See Explanatory Note (c)

(Resolution 5)

8. **Proposed Renewal of the Shareholders’ Mandate for Interested Person Transactions with the Rawabi Group**

“That:

- (1) approval be and is hereby given for the purposes of Chapter 9 of the Rules of Catalist, for the Company, its subsidiaries and associated companies (the “**Group**”) or any of them to enter into any of the transactions falling within the types of Interested Person Transactions, particulars of which are set out in the Appendix A of the Letter to Shareholders dated 22 June 2017 (the “**Letter to Shareholders**”) appended to the Annual Report, with the Rawabi Group who is of the class of Interested Persons described in the Letter to Shareholders, provided that such transactions are made on normal commercial terms, are not prejudicial to the interests of the Company and its minority shareholders, and are in accordance with the review procedures for Interested Person Transactions as set out in the Letter to Shareholders (the “**Rawabi IPT Mandate**”);
- (2) the Rawabi IPT Mandate shall, unless revoked or varied by the Company in general meeting, continue in force until the conclusion of the next AGM of the Company; and
- (3) the Directors of the Company and each of them be and are hereby authorised to do all such acts and things (including, without limitation, executing all such documents as may be required) as they or he may consider expedient or necessary or in the interests of the Company to give effect to the Rawabi IPT Mandate and/or this Resolution.”

See Explanatory Note (d)

(Resolution 6)

9. **Authority to grant options and to issue shares under the Vallianz Employee Share Option Scheme**

“That, pursuant to Section 161 of the Companies Act, Cap. 50, the Directors of the Company be and are hereby authorised to offer and grant options in accordance with the Vallianz Employee Share Option Scheme (the “**Scheme**”) and to issue such shares as may be required to be issued pursuant to the exercise of the options granted or to be granted under the Scheme provided always that the aggregate number of shares issued and issuable in respect of all options granted or to be granted under the Scheme, all awards granted or to be granted under the Vallianz Performance Share Plan and all shares, options or awards granted or to be granted under any other share option schemes or share plans of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company from time to time.”

See Explanatory Note (e)

(Resolution 7)

Notice of Annual General Meeting

10. **Authority to grant awards and to issue shares under the Vallianz Performance Share Plan**

"That, pursuant to Section 161 of the Companies Act, Cap. 50, the Directors of the Company be and are hereby authorised to grant awards in accordance with the provisions of the Vallianz Performance Share Plan (the "**Plan**") and to allot and issue from time to time such shares as may be required to be issued pursuant to the Plan provided always that the aggregate number of shares to be issued pursuant to the Plan, when added to the number of shares issued and issuable or existing shares delivered and deliverable in respect of all awards granted or to be granted under the Plan, all options granted or to be granted under the Scheme and all shares, options or awards granted under any other share scheme of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company from time to time."

See Explanatory Note (f)

(Resolution 8)

BY ORDER OF THE BOARD

Lee Bee Fong (Ms)
Company Secretary
22 June 2017

Singapore

Notice of Annual General Meeting

Explanatory Notes:-

- (a) Mr. Wong Leong Jeam will not be seeking re-election and will retire at the conclusion of this Annual General Meeting. Upon the retirement of Mr. Wong Leong Jeam as the Independent Non-Executive Director of the Company, he will cease as a member of the Audit Committee, Nominating Committee and Remuneration Committee of the Company.
- (b) The Ordinary Resolution 4 above, if passed, will empower the Directors of the Company from the date of the above Meeting until the date of the next AGM, or the date by which the next AGM is required by law to be held or when varied or revoked by the Company in general meeting, whichever is earlier, to allot and issue shares and convertible securities in the Company up to an amount not exceeding in total, one hundred per cent. (100%) of the issued shares excluding treasury shares and subsidiary holdings at the time of passing of this resolution, of which up to fifty per cent. (50%) may be issued other than on a pro-rata basis to shareholders.
- (c) The Ordinary Resolution 5 above, if passed, renews the Share Buyback Mandate and will authorise the Directors of the Company from the date of the above Meeting until the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to purchase up to ten per cent. (10%) of the total number of issued shares in the capital of the Company. Please refer to the Letter to Shareholders dated 22 June 2017 appended to the Annual Report for details.
- (d) The Ordinary Resolution 6 above, if passed, allows the Company, and its subsidiaries and to enter into transactions with interested persons with the Rawabi Group as defined in Chapter 9 of the Rules of Catalyst.
- (e) The Ordinary Resolution 7 above, if passed, will empower the Directors to grant options and to allot and issue shares upon the exercise of such options granted or to be granted in accordance with the Scheme provided that the number of shares which the Directors may allot and issue under this Resolution, together with any shares issued and issuable in respect of all options granted or to be granted under the Scheme, pursuant to the vesting of any awards granted under the Plan and any shares, options or awards granted or to be granted under any other share schemes of the Company, shall not, in aggregate, exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company from time to time.
- (f) The Ordinary Resolution 8 above, if passed, will empower the Directors to vest awards and to allot and issue shares pursuant to the vesting of such awards in accordance with the Plan provided that the number of shares which the Directors may allot and issue under this Resolution, together with any shares issued and issuable in respect of all awards granted under the Plan and all options granted or to be granted under the Scheme and any shares, options or awards granted or to be granted under any other share schemes of the Company, shall not, in aggregate, exceed fifteen per cent. (15%) of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company from time to time.

Notice of Annual General Meeting

Notes:

1. (a) A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the Meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.

(b) A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" means: (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

2. A proxy need not be a member of the Company.
3. If the appointor is a corporation, the proxy must be executed under seal or the hand of its duly authorised officer or attorney.
4. The instrument appointing a proxy must be deposited at the registered office of the Company at 12 International Business Park #03-02, Swiber@IBP, Singapore 609920 not later than 48 hours before the time set for the Annual General Meeting.

Personal data privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (a) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents or service providers) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the **"Purposes"**), (b) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (c) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

VALLIANZ HOLDINGS LIMITED
 (Company Registration No. 199206945E)
 (Incorporated in the Republic of Singapore)

PROXY FORM

IMPORTANT

1. Pursuant to Section 181(1C) of the Companies Act, Cap. 50 of Singapore (the "Companies Act"), Relevant Intermediaries may appoint more than two (2) proxies to attend, speak and vote at the Annual General Meeting.
2. For investors who have used their CPF monies to buy VALLIANZ HOLDINGS LIMITED shares, the Annual Report is forwarded to them at the request of their CPF Approved Nominees and is sent FOR INFORMATION ONLY.
3. This Proxy Form is not valid for use by CPF/SRS investors and shall be ineffective for all intents and purposes if used or purported to be used by them.
4. CPF/SRS investors should contact their respective Agent Banks/SRS Operations if they have any queries regarding their appointment as proxies.
5. By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 22 June 2017.

*I/We _____ (Name) *NRIC/Passport No. _____
 of _____
 being *a member/members of **VALLIANZ HOLDINGS LIMITED** (the "**Company**"), hereby appoint:

Name	Address	NRIC/ Passport No	Proportion of shareholdings represented by proxy (%)

*and/or (delete as appropriate)

Name	Address	NRIC/ Passport No	Proportion of shareholdings represented by proxy (%)

or failing which, the Chairman of the Annual General Meeting of the Company (the "**AGM**"), as *my/our *proxy/proxies to attend and vote for *me/us on *my/our behalf, at the AGM to be held at 12 International Business Park, #03-02 Swiber@IBP, Singapore 609920 on 7 July 2017 at 2.00 p.m. and at any adjournment thereof.

Total No. of Shares held	No. of Shares
In CDP Register	
In Register of Members	

IMPORTANT: Please read notes overleaf

Notes:

1. A member should insert the total number of shares held. If the member has shares entered against his name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289), he should insert that number of shares. If the member has shares registered in his name in the Register of Members of the Company, he should insert the number of shares. If the member has shares entered against his name in the Depository Register and shares registered in his name in the Register of Members of the Company, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the member of the Company.
2. (a) A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the Meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
(b) A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the Meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
3. The instrument appointing a proxy or proxies must be under the hand of the appointor or his attorney duly authorised in writing. Where the instrument appointing a proxy nor proxies is executed by a corporation, it must be executed under its common seal or under the hand of its attorney or duly authorised officer.
4. A corporation which is a member of the Company may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting, in accordance with its Articles of Association and Section 179 of the Companies Act, Chapter 50 of Singapore.
5. The instrument appointing proxy or proxies, together with the power of attorney or other authority (if any) under which it is signed, or notarially certified copy thereof, must be deposited at the registered office of the Company at 12 International Business Park #03-02, Swiber@IBP, Singapore 609920 not later than 48 hours before the time set for the Annual General Meeting.
6. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of members of the Company whose shares are entered against their names in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if such members are not shown to have shares entered against their names in the Depository Register 72 hours before the time appointed for holding the Annual General Meeting as certified by The Central Depository (Pte) Limited to the Company.
7. A Depositor shall not be regarded as a member of the Company entitled to attend the Annual General Meeting and to speak and vote thereat unless his name appears on the Depository Register 72 hours before the time set for the Annual General Meeting.
8. An investor who buys shares using CPF monies ("CPF Investor") and/or SRS monies ("SRS Investor") (as may be applicable) may attend and cast his vote(s) at the Meeting in person. CPF and SRS Investors who are unable to attend the Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Meeting to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the Meeting.

Personal data privacy

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 22 June 2017.
